

## MOST PRICE CONTROLS TO END NOV. 1

U.S.A. TO LEAD  
NEW MOVE TO  
ABOLISH WARSDIPLOMATS FROM 51  
NATIONS AIM FOR  
WORLD PEACE

BY JOHN A. PARRIS JR.

New York, Oct. 17. (AP)—The United States announced today it would exercise a "real leadership" in working in the forthcoming United Nations general assembly toward the abolition of war and the establishment of peaceful means of settling controversies among the nations of the world.

This policy statement was made by Warren R. Austin, former U. S. senator and chief United States delegate to U. N., at the first meeting of the American delegation and later at a news conference.

It came as top-ranking diplomats of 51 countries pledged to keep world peace began converging on New York for the first meeting of the United Nations general assembly in the United States which will be opened by President Truman next Wednesday at Flushing Meadows.

American Risk Greatest  
Declaring that the U. S. has the "greatest stakes in the cause of peace as we have the greatest risks," Austin told the American delegation:

"We are going to these (general assembly) meetings with a deep sense of our obligation to develop and promote a positive definite policy. We are not going into these meetings with an unyielding stand but we want to say this is what we stand for, this is what we aim at."

"We have set this policy as our idea of achieving our supreme objective—the abolition of war and the establishment of peaceful means of settling controversies among nations and of doing away with the causes of war by lifting up the standards of life of all people. Intellectually, spiritually and materially."

Equality Emphasized  
At a news conference, Austin declared that the U. S. delegation "is firmly persuaded it can have and exercise a real leadership toward security and peace."

"He added that the delegation hopes "to go into the general assembly in the spirit of the charter of the United Nations, which is that all members are on a level of sovereign equality."

The statement came a few hours after Secretary of State James F. Byrnes flew into Washington from the Paris peace conference. Byrnes is expected to arrive in New York early next week.

Those attending the U. S. delegation sessions were Austin, Mrs. Franklin D. Roosevelt, Adlai Stevenson, Representatives Helen Gahagan Douglas, Sol Bloom and Charles A. Eaton.

Other members of the delegation, including Senators Arthur Vandenberg and Tom Connally who are enroute from Paris, are expected here Monday.

TOWNSHIP WANTS LIQUOR  
Sumnerfield Township, Mich., Oct. 17. (AP)—Voters of this Monroe county community at a special election today approved sale of liquor by the glass, the vote being 94 to 274. It was the first time the issue had been on the ballot here.

NO SUGAR FOR SOLONS  
Washington, Oct. 17. (AP)—Sweet-toothed senators were up against it today.

The coffee urn in the senate cafeteria bore a dismal sign: "No sugar."

## Weather

Reported by U. S. Weather Bureau

LOWER MICHIGAN: Rain and windy Friday forenoon. Slowly clearing Friday afternoon and evening. Continued rather cold. Partly cloudy and not so cold Saturday.

UPPER MICHIGAN: Mostly cloudy and continued rather cold Friday. Occasional rain or snow in extreme east portion. Partly cloudy and not so cold Saturday.

Byrnes Gives His  
Report Tonight On  
Paris Conference

BY JOHN M. HIGHTOWER

Washington, Oct. 17. (AP)—Congressional by President Truman for doing a "most excellent job" at the Paris peace conference, Secretary of State Byrnes went to work tonight on a report to the nation in which he is expected to reinforce emphatically his "firm policy" toward Russia.

He will broadcast for 30 minutes beginning at 9 p. m., Central Standard Time, Friday, over NBC. The broadcast will deal at length with the inconclusive Paris conference which Byrnes said today, made "some progress" toward peace in Europe.

The address will be the first of two major government speeches on foreign policy within less than a week, the second being by Mr. Truman himself. He will open the United Nations assembly at New York Wednesday, the White House announced.

There was speculation that the president and Byrnes, who talked for 50 minutes today, would reply to former Secretary of Commerce Wallace's criticism of Byrnes' attitude toward Russia.

Still another talk on foreign affairs will be broadcast by Senator Vandenberg (R-Mich.) at 6 p. m., C. S. T., Saturday over CBS. Vandenberg served with Byrnes in Paris and came home with him by plane today.

At the state department, meanwhile, Ambassador to Russia Walter Bedell Smith began a series of conferences with top policy-making officials on the whole range of issues with Russia to determine how present policies can be more effectively carried out.

Byrnes was asked by a newsman how he evaluated the Paris conference.

"We feel we have made progress," he said, "and I certainly hope that when the conference of foreign ministers meets Nov. 4 we will complete the five treaties."

"I said he definitely does not consider the Paris conference a 'failure.' This view was expressed by Vandenberg who as a result of that conference, there were 'peace credits and peace debts' the net balance represented a gain for the drive to restore peace to Europe."

HEMANS UPHELD  
IN BRIBE TRIALJUDGE SAYS WITNESS NEED  
Not Testify, But Holds  
Case Open To Jan. 6

BY ROBERTA APPLEGATE

Lansing, Oct. 17. (AP)—Circuit Judge Chester P. O'Hara today upheld Charles F. Hemans' constitutional right to refuse to testify in the bank bill bribe examination, but gave the prosecution another chance to get his testimony by adjourning the examination until Jan. 6.

The judge ruled that since Hemans is under federal indictment on fugitive witness charges any testimony he might give at the examination might tend to incriminate him at his trial.

On the motion of special prosecutor Richard B. Foster, he then adjourned the examination for nearly three months to give Foster a chance to appeal the ruling to the state supreme court.

The court indicated that if the federal case is decided by that time Hemans' lips might be unsealed.

Hemans was arrested in Washington, D. C., after he had announced that he was "through testifying" before the grand jury, and returned to Michigan for trial on charges he left the state with the intent of avoiding giving testimony. He based his refusal to testify on the grounds that testimony here would tend to show he was a material witness.

After the examination was adjourned, he was returned to the Wayne county jail in Detroit, where he is being held in lieu of \$7,500 bond.

Warline Admiral  
Of Coast Guards  
Claimed By Death

Washington, Oct. 17. (AP)—Admiral Russell Randolph Waesche, wartime commandant of the Coast Guard, died this afternoon at the Naval Medical Center of a coronary heart disease. He was 60 years of age.

Commandant of the Coast Guard from 1936 to his retirement on Dec. 31, 1945, Admiral Waesche was named by President Truman as one of his "elder statesmen" to consult with him on national defense.

But ill health had prevented the admiral from serving in that capacity.

POLICE TAKE DOCTOR'S BABIES — Gloria, four-and-a-half years old, and Maria, two, are shown as Chicago police found them and three other children of Dr. and Mrs. Russell Winters in conditions of neglect and filth. The parents face charges of contributing to the dependency of their children. (NEA Telephoto.)

Ashes Of 11 Nazis  
Scattered Secretly

BY TOM REEDY

Nuernberg, Oct. 17. (AP)—The bodies of the suicide Hermann Goering and 10 hanged Nazi war leaders have been reduced to ashes — like the thousands of their victims who perished in concentration camps — and "secretly dispersed," the Allied Control Council announced today.

The official announcement of the cremation did not say whether the ashes had been scattered over land or sea.

Meanwhile, it was learned from a security officer that Goering, who cheated the hangman's noose by taking poison shortly before he was to have gone to the gallows, had planned to commit suicide three months ago with a piece of celluloid. An alert guard foiled him.

The officer gave this account of the incident which occurred while the Nazi leaders were on trial before the International Military Tribunal:

The ear phones which Goering used during the trial seemed to be faulty and he was unable to hear some of the proceedings. Becoming suspicious, a guard examined the ear phones and discovered they had been tampered with and the inner working extracted.

This working contained a piece of celluloid which the officer said was sharp enough to slit a vein or an artery. The ear phones were used during the trial to provide translations of the proceedings.

The officer's account conflicted with one theory that Goering had the poison vial a long time before he took his own life. It also opened new speculation as to how soon before his impending hanging he managed to obtain the poison and from whom.

There were these other developments in the backwash created by Goering's suicide and the executions of the 10 other Nazis:

The justice department announced in Washington this afternoon that the first group of 18 which arrived Oct. 21 in the 33-foot sloop "Inanda" without visas had been excluded from the country.

The other groups of 11 and 18 which arrived Sept. 9 and Sept. 29, respectively, knew it would not be long before they were dealt the same fate for they too did not have visas and the country's quota of 116 annually had long been filled.

The word came as they were moving from a city-owned pier warehouse where all 47 had been living after being evicted in order that a shipping company might move in. To top it off, rain fell as they began to move, wetting their personal effects.

Border patrolmen roped off the area where the three little sloops were anchored and a guard was stationed, but immigration officials declined to say whether the 18 aboard the Inanda would be denied permission to leave the craft.

Bold Holdup Nets  
\$988 In Detroit

Detroit, Oct. 17. (AP)—A police search of a darkened movie house today failed to uncover a bandit who had just robbed a downtown loan office of \$988 in a daring daylight holdup.

James Briegel, manager of the Loan office, said the gunman followed him into his office shortly before 2 p. m., nudged him with a pistol and made him hand over contents of the cash drawer.

The robber then ran into the street. On the report he had entered the movie house, a dozen patrolmen and detectives deployed themselves through the theater and while the audience watched the film, "Love Come Back," unsuccessfully searched for the bandit.

The scheduled conference in the Washington hotel strike is the first joint meeting arranged by federal conciliators since the 5,000 employees left their posts a week ago. The hotels have been operating on a make-shift basis, with requests doing their own housekeeping.

In New York City, 56 industrial disputes, including the shipping team and truck strike, were reported slowly stranding the city's economy at a loss of millions of dollars.

ALL DRAFTEES  
FROM 1945 TO  
BE RELEASEDARMY MUST DROP  
435,000 MEN BY  
JAN. 1

Washington, Oct. 17. (AP)—The army ordered today the release by Jan. 1 of all remaining 1945 draftees as a new means of reducing strength to authorized limits.

The war department also directed field commanders to screen their rosters and eliminate as surplus individuals those deemed "unfit" and those "who have demonstrated an ineptitude for military service."

Maj. Gen. Willard S. Paul, director of personnel and administration, told reporters that by the year's end the army will have to be cut down by a net of 435,000 officers and men.

Calculations will have to be revised largely because of an upsurge in volunteer enlistments and the belated effect of congressional limitations on the army's size, he said.

On Sept. 30 the army numbered 1,745,000 officers and men, including 200,000 "non-effectives" who were already on the way out or in hospitals, and an additional 90,000 enroute home from the Pacific for discharge. By Dec. 31 the intention is to reach a net strength of 1,310,000.

Kept Over Strength  
The war department also ordered the discharge of the last of the 1945 non-volunteers in time for completion of their terminal leave by the end of December.

General Willard S. Paul, the war department's director of personnel and administration, acknowledged to reporters that the army had been kept over strength for several months because of "uncertainties" over the future of the draft and the success of the drive for volunteers for the regular army.

Paul said the new measures would help put the army on a complete volunteer basis and promise to raise efficiency.

Congress in directing the army to reduce in twelve months from 1,550,000 to 1,070,000 on next July 1, provided funds to pay only 1-310,000 at the end of 1946.

However, the army numbered 1,745,000 on September 30. Enlisted volunteers numbered 1,020,951 on October 7 and there were more than 500,000 remaining draftees. In September ranks were swelled by about 80,000, including 61,750 volunteers, and it was then, General Paul said, the war department decided on a "draft holiday" for the remainder of the year.

A deepening storm or low pressure area, located tonight in western Missouri, is moving rapidly northeastward. General rains fell tonight in Missouri, Iowa, Michigan, Illinois and Indiana, and rains shifting to snow hit northeastern Colorado and southern Nebraska.

Temperatures were described as "rather cold" in the Great Lakes region, the upper Mississippi Valley and the plains states, and the weather bureau predicted continued cold for the general midwest area tomorrow.

Snow Is Promised  
In Peninsula Today

Chicago, Oct. 17. (AP)—Rain changing to snow is predicted for tomorrow in northeastern Wisconsin and Upper Michigan by the U. S. Weather Bureau.

A deepening storm or low pressure area, located tonight in western Missouri, is moving rapidly northeastward. General rains fell tonight in Missouri, Iowa, Michigan, Illinois and Indiana, and rains shifting to snow hit northeastern Colorado and southern Nebraska.

Temperatures were described as "rather cold" in the Great Lakes region, the upper Mississippi Valley and the plains states, and the weather bureau predicted continued cold for the general midwest area tomorrow.

Queen Off Course  
As Molotov SteersAbroad The Queen Elizabeth,  
Oct. 17. (AP)—Soviet Foreign Minister V. M. Molotov steered the Queen Elizabeth two degrees off her course today during a brief trip to the bridge.

At Commodore Sir James G. P. Bisset's invitation, he took the wheel for a few moments and posed for cameramen. He inadvertently let go of the wheel and ship officers stepped forward to grab it.

"She was off two degrees," smiled Bisset, "and we put her back on her course."

## CHILE PRESIDENT QUILTS

Santiago, Chile, Oct. 17. (AP)—Alfredo Duhalde resigned as acting president of Chile today because of "ill health." With congress due to choose a radical or a conservative as president in less than a week, he turned the government over until "further notice" to a member of the radical party, Juan Antonio Iribarren, minister of the interior who in effect became acting president.

Markets Flooded  
With Livestock;  
Prices Drop Off

Chicago, Oct. 17. (AP)—Meat exploded onto the nation's livestock markets today in the largest numbers in 10 months. When the storm was over virtually all price balloons except those on top grade cattle had collapsed from \$1.00 to \$10.00 a hundred pounds.

Most commodities likewise were deflated, including butter, eggs, poultry, wheat, corn, oats and cotton. Lard, soybeans and flax kept out of the storm area, however, and moved to new high ground.

Some markets, such as Oklahoma City, were swamped with so many animals the yards couldn't handle them. Others of major importance were on the receiving end of miles-long lines of trucks filled with beef roasts, pork chops, and lamb steaks on the hoof.

Prices which had set new records only yesterday, receded steadily almost with every new truckload, particularly on hogs and lower grade cattle.

Strictly choice cattle went to a new high mark at Chicago, however, odd head going for \$37.50 and load lots peaking at \$36.00. The Omaha market set a new record for the third day in a row, hitting \$33.00 or \$2.00 better than yesterday.

The popular price at Chicago was \$20.00 after an early top had been set at \$23.00 and compared with yesterday's record-equalling mark of \$27.50. Sheep also were off \$1.00 to \$1.50, topping at \$26.50 in comparison with yesterday's new record of \$28.00.

Other markets showed similar reactions as buyers found difficulty in getting the rail cars to move their purchases to eastern areas.

Some grades of hogs at the St. Louis, Mo., market were off from \$8.00 to \$10.00. At St. Paul, Minn., average prices were \$6.50 down, and at Sioux City, Ia., as much as \$4.25 less.

CRASH KILLS 13  
IN SNOWSTORMAirliner Plunges Into  
Treeless Prairie; All  
Aboard Perish

Laramie, Wyo., Oct. 17. (AP)—Unexplained tragedy struck a twin-engine transport plane during a heavy snowstorm west of Laramie early today and the craft plunged into the treeless prairie, killing all ten passengers and a crew of three.

Among the victims were the pilot of the DC-3, Clarence Robert Abernathy, 27, of San Lorenzo, Calif., formerly of Crystal City, Mo., and his mother-in-law, Mrs. Mary Boland of Toronto, Canada. Mrs. Boland was en route home after visiting her daughter and son-in-law following the birth of a child to the couple two months ago.

Acting Coroner E. L. Knight said several of the seven men passengers were sailors.

Abernathy, a former lieutenant commander in the Navy Air Transport Service, was treasurer of the "NATS Air Transport Service," a postwar commercial line organized by a group of former navy pilots. The line carries passengers and freight on a charter basis between Oakland and Newark, N. J.

The NATS plane which crashed three miles west of here at about 2 a. m. (CST) was bound for Chicago and was to have stopped at Cheyenne to refuel and change crews. Officials of the Civil Aeronautics Administration at Cheyenne said the weather was unfavorable there at midnight and that a routine report was given the pilot, but that he was not ordered to land at Laramie, where no stop was scheduled.

Bid For Votes Seen  
In Army Releases  
And Flood Control

Washington, Oct. 17. (AP)—GOP Chairman Carroll Reece scented politics today in two government announcements: (1) The discharge this year of all 1945 Army draftees and (2) a \$35,000,000 increase in flood control expenditures.

If economy was the reason for the army cut, he said in a statement, "it is difficult to understand why the administration finds it advisable to increase expenditures by another branch of the government."

He called the two announcements "another and striking illustration of the incurable confusion of the present administration."

"Could it be," he asked, "that both moves are intended as a bid for votes on November 5?"

Previously Petrillo asserted he had asked 50 percent increases for artists making recordings and transcriptions. An industry representative said recordings were made principally for home and juke box use and ran at the rate of 66 revolutions a minute, and transcriptions were chiefly for radio use and played at 33 revolutions.

Petrillo added that he would meet with members of the transcription industry in Chicago next Tuesday for further parleys.

Thin Beef Animals  
Flow From Mexico  
As Ban Is Lifted

Washington, Oct. 17. (AP)—The United States reopens its border tonight to cattle from Mexico, removing a quarantine after four and a half months.

The move will permit the flow of 500,000 young, thin beef animals to pastures and ranges throughout the southwest.

Ultimately, after months of feeding, fattening and finishing, the animals will be ready for market in this country.

Agriculture department specialists say movement of Mexican animals, reported already begun, will have no immediate effect on the current meat situation.

## SENTENCED TO DEATH

Canton, China, Oct. 17. (AP)—Lt. Gen. Hisakazu Tanaka, governor of Hong Kong during the Japanese occupation, was sentenced to death by a Chinese military court today on war crimes charges.

DEADLINE SET  
TO ELIMINATE  
WORK OF OPACEILINGS ON COFFEE  
REMOVED; FLOUR  
MAY BE NEXT

BY EDWIN B. HAAKINSON

Washington, Oct. 17. (AP)—A top level official said tonight that OPA has set a November 1 deadline for doing away with most of the remaining price controls on foods, commodities and services.

This disclosure came as OPA released all price controls on coffee and millers argued for lifting ceilings on flour.

The government official, who withheld the use of his name, told a reporter that plans are laid for "an orderly retreat."

Automobiles Stay On  
"We are going to carry out the president's (decontrol) program to the fullest possible degree," he said, "but it is not going to be a riot or chaos."

"We must keep ceilings on rent. We also must keep them on automobiles, building materials and certain durable goods."

Scheduled to stay under ceilings are many household appliances such as refrigerators, certain basic clothing items, furniture and farm implements.

Removal of OPA controls on coffee today was cited as an example of other actions to follow.

Coffee prices had been raised so high under ceilings that it was a fiction to retain controls when supply came into balance with demand, the official said.

Action Speeded  
He related that OPA divisions now are busy compiling a complete list of all controlled products, both food and non-food, and listing those on which the public spends less than \$75,000,000 a year.

These items will be decontrolled, the official added, as unimportant to living or business costs.

Congress had directed that all such items be freed from ceilings before January 1 next but the OPA schedule now calls for action two months earlier.

Other items and services with an annual outlay or volume above \$75,000,000 are to be freed from ceilings as soon as it is determined that such action will not upset stabilization efforts against wild inflation.

Administration leaders are reported agreed that, before Congress reassembles in January, the entire OPA staff and its functions must be whittled to the minimum.

Officials said they expect a drive upon the part of congressional critics, aimed at killing off all of them, including rent controls and the complex veterans housing program.

## No Rent Increases

On the rent front, Ivan D. Carson, OPA administrator for rents, told a reporter there will be no nationwide increase in rent ceilings.

Carson said that OPA is granting individual rent increases at the rate of 20,000 monthly. He said a survey of the 575 rental control areas showed that most landlords are enjoying better profits than they did in prewar years.

As to housing, Expediter Wilson Wyatt emerged from a White House conference today with word that ceilings would "definitely be removed."

## FLOOD CONTROL FUNDS BOOSTED

**\$130,000,000 Program Available For Urgent Work Projects**

Washington, Oct. 17 (AP)—Budget Director James E. Webb announced today the ceiling on Army flood control expenditures for fiscal 1947 has been raised by \$35,000,000 making \$130,000,000 available for that purpose.

Webb said determination that the expenditure maximum would have to be lifted was made by Reconstruction Director John R. Steelman and himself on the basis of a joint survey.

He indicated that a further raise in flood control expenditures will be forthcoming.

This further boost was authorized by the president for "new projects of urgent necessity which might be started after approval on a project-by-project basis" by Steelman, Webb said.

Secretary of War Patterson is being instructed to have the Army chief of engineers "submit a list of those selected projects which he considers especially urgent and non-deferrable," Webb said.

Webb also said he and Steelman soon will decide on proposed upward revision of the present \$85,000,000 reclamation program.

## Russian Citizens Hopeful In Slash Of Army Defenses

Moscow, Oct. 17 (AP)—The reduction of 56,031,000,000 rubles (\$10,571,000,000) in Soviet defense expenditures, as proposed to the supreme Soviet in the new budget, has been heartily received by the Russian citizenry who hope it means many of those still in the armed forces soon will be returning home.

There are indications here that the Soviet Union would like to go beyond the three demobilizations already carried out and return more men to peacetime pursuits and participation in the new five year plan.

(Russia is estimated by authoritative outsiders to have from 5,000,000 to 6,000,000 men still under arms.)

There also are signs that the government would enter into discussion of wholesale demobilization and disarmament if it felt sure the other great powers would enter into a similar undertaking.

The new budget is among indications that Russia is anxious to replenish the heavy losses in manpower and production which she suffered in the war.

## Crew Of Dreamboat Is Decorated For Flight Over Arctic

Washington, Oct. 17 (AP)—The crew of the Polar-flying B-29 Pacusan Dream Boat was decorated today for their Hawaii-Africa flight through the "world's worst weather" in the Arctic.

General Carl Spaatz, Army Air Force commander, presented medals to Colonel Clarence S. Irvine, skipper of the Super Fortress and the eight AAF men and one civilian who flew the airplane non-stop approximately 9,500 miles from Honolulu across the Arctic and down to Cairo, Egypt.

The Pacusan Dream Boat came to Washington today after a trans-Atlantic crossing completed at Westover Field, Mass., yesterday. It was the second time Irvine and the Pacusan Dream Boat had visited the capital. The first occasion was a 7,929-mile, non-stop flight from Guam to Washington last November.

## Wife Of Goering Claims Innocence Of Poison Suicide

Paris, Oct. 17 (AP)—In an interview published today by the newspaper "Resistance," Mrs. Emmy Goering declared herself innocent of any connection with her husband's poison suicide.

The newspaper's Nuernberg correspondent, Georges Martin, said Mrs. Goering tearfully asserted she could not even be suspected of slipping the fatal vial because she was always so closely watched during her visits at the prison.

"I am surprised that I can be suspected," Martin quoted Mrs. Goering as saying. "I was always so closely watched that I could not even put my little finger through the grill."

Mrs. Goering's landlady, Martin continued, said the widow was convinced one of Goering's American "friends" had given him the poison.

## Detroit Boy, 15, Held For Killing Father

Detroit, Oct. 17 (AP)—Fifteen-year-old Richard J. Viaw, charged with first degree murder in the fatal shooting of his patrolman father, Gilbert, was ordered held for trial today by Recorder's Judge Gerald W. Groat.

The elder Viaw was shot in the basement of his home here July 31.

Det. Sgt. Delbert Raymond testified that the boy admitted the slaying when he picked him up at St. Ignace to bring him back for questioning.

## TWO SURVIVE CRASH

Grand Rapids (AP)—Pilot George Miller, 35, and his passenger, Gordon Cook, 35, escaped with minor injuries Thursday when their light plane crashed as it hit some telephone wires while making a forced landing on a farm north-west of here.

## Shooting Rifle At Insulators Costly For Five Youths

Five youths from the city of Escanaba and Wells township found that shooting at targets is costly fun—especially since the targets were insulators on an Upper Michigan Power & Light company line. They paid a total of \$63.19 in restitution for the damage caused. The settlement was made out of court.

Three insulators on a power line were broken with a .22 caliber rifle a short time ago and the city of Escanaba and large areas of the county were blacked out for a considerable time when a short circuit occurred.

Sheriff William E. Miron yesterday said that hereafter arrests will be made and that prosecutions will follow in every case in which persons are apprehended for shooting light company insulators. Both the sheriff and officials of the company have pointed out the seriousness of the offense from the standpoint of public safety.

## Gambling Warrants Name 19 In Saginaw

Saginaw, Mich., Oct. 17 (AP)—Acting on information gained by a police department painter, Municipal Justice Stanley R. Oster today issued gambling warrants against 19 persons.

The 18 men and one woman were accused of operating or permitting gambling games or lotteries in 13 establishments, mostly pool rooms, cigar shops and barber shops.

The crackdown followed disclosure by the police vice squad and City Attorney W. Vincent Nash of information obtained by Kenneth Smith, the painter who was complainant in all the warrants.

Smith was detailed to visit the establishments and participate in the alleged card games and lotteries.

The 18, who face maximum penalties of \$500 fine and 90 days in jail, are scheduled to appear for arraignment Friday and Monday.

## Stolen Sheets Build Expert's First Ship

Orlando, Fla. (AP)—With sheets stolen from his mother, a few old plumbing fixtures and other scraps, 15-year-old Raymon Parker built, flew and crashed his first glider.

Since then he has become one of the world's best known glider pilots. He holds one of the nation's six Golden C's, highest attainment in soaring, and this year's distance record.

At present, Parker is at Pine Castle Army Air Field with the Soaring Society of America flying gliders in the Thunderstorm Project in which the Army-Navy is seeking scientific thunderstorm data.

"That first flight was pretty fair," Parker said—1,000 feet up (with the help of a California thermal) for 90 minutes in a 22-foot wing span glider towed off by a 1916 Dodge.

"It was my first and last accident," said the expert who also paints in oils and makes wood miniatures. One of the latter—a model of a Conestoga 1780 Oregon freight wagon—now being in the National Park Museum at Scott's Bluff, Neb.

Parker has constructed wind tunnels for an aircraft company, worked on the Palomar observatory and instructed power plane students.

When World War II threatened, the United States found only four available glider pilots capable to instruct. One of these was Parker who became chief pilot at the Twenty Nine Palms, Calif., glider pilots school.

Parker has theories on many subjects but two stand out: "Women make good pilots with perhaps more natural ability than men, and could give men a good fight in national glider competition."

And: "Since soaring is the grandfather of aviation, it should be taught in our high schools for those interested so that future American Air Forces will have something more from which to draw pilots."

## Gasoline Curtailed By Russia; Vehicles Idled In U. S. Zone

Washington, Oct. 17 (AP)—Gen. Mark W. Clark said in a report to the war department today that Russia's continued curtailment of gasoline and oil supplies had brought a "very serious" increase in the number of idle vehicles in the American occupied zone of Austria.

As a result, Clark said the American forces during September had to supply 144,000 gallons of gasoline and 115,200 gallons of diesel oil to meet essential needs.

## Letter Of The Law But It Is Wrong

Watonga, Okla. (AP)—Justice of the Peace H. S. Cunningham heard a hammering on his door about dawn. Sleepily he investigated. A motorist, bearing a traffic ticket, apologized for being late. "Late?" queried the justice. "Can't be. Court doesn't open for hours." "But this ticket—" said the motorist—"it says 2 a. m." "Durn constables," grumbled Cunningham. "That should be p. m."

Arkansas produces 1,500,000 board feet of lumber annually.

## COUNCIL OKAYS ZONING CHANGES

**More Areas Opened To Light Industry And Commercial Use**

Escanaba city council last night voted passage of an ordinance providing for considerable change in the city zoning law following reading of a resolution embodying the proposed changes to which no objections were received.

The council itself made two minor changes and then passed the ordinance which will be up for final reading at its next meeting.

Councilman Peter N. Logan, mayor pro tem, presided at the meeting in the absence from the city of Mayor Marvin L. Coon.

The zoning ordinance changes will permit the establishment of light industries in commercial areas, and will change some Residence "A" and "B" areas to commercial or industrial classification.

Most of these areas are in west and north sections of the city.

Other business before the council last night was acted on as follows:

Deferred action to the next meeting on the bid of Richard Nelson of 311 North 11th street for the purchase of one and one-half acres of city-owned land west of the fair grounds. The council wants to determine the purpose for which the purchase would be made. Nelson's bid was the only one received.

Approved passage of an ordinance vacating North 19th street between Sixth and Seventh avenues north, there being no objections.

Authorized the city manager and clerk to advertise for bids for the sale of forty acres of city-owned land one mile west of Danforth road and outside the city limits.

Granted a request of the North Western railroad to use six additional feet of land on the north side of Third avenue north between 10th and 11th streets, for which a lease will be drawn and a date set for hearing objections.

Approved installation of a street light at Ninth avenue south and 18th street at an estimated cost of \$119.

Received and will investigate the petition of Henry Parlin for the installation of a street light at 13th avenue north and 23rd street.

## Sigler Endorses Michigan Bonus For War Veterans

Detroit, Oct. 17 (AP)—Indorsement of a soldiers' bonus and a strong Michigan National Guard was voiced today by Kim Sigler, Republican candidate for governor.

"My thought on the matter is that we are going to pay the bonus," Sigler told a meeting of leaders of veterans organizations in the Detroit area.

"The quicker we pay it and get it behind us, the better. Otherwise it will become a political football year after year," he added.

Sigler promised to remove "politics" from the National Guard if he is elected.

## Police In Saginaw Stop Bingo Games

Saginaw, Mich., Oct. 17 (AP)—Police continued their "war" on bingo parties tonight as they broke up a scheduled game sponsored by the Gold Star wives and sent an estimated 200 players out of the hall.

Vice Squad Chief Ivan Hogan and three other officers arrived just as the players were about to begin the evening's festivities.

Meanwhile, city officials made plans for the court appearances of the first group of 19 persons arrested during the recent drive on bingo.

They will be in court Friday morning and face maximum terms of \$500 fines and 90-day jail terms.

## Kansas City Vote Fraud Investigated

Kansas City, Oct. 18 (Friday) (AP)—The Federal Bureau of Investigation began an investigation today of alleged vote fraud in the Democratic primary election here last Aug. 6 in which Rep. Roger Slaughter of Missouri's Fifth Congressional District was defeated for renomination by Enos Axtell, endorsed by President Truman and the Pendergast political organization.

Dwight Brantley, special agent in charge of the FBI office here, said orders for the investigation came from Washington. It followed an independent investigation by the Kansas City Star and charges by the newspaper in a series of stories of irregularities at the polls.

## Sleepers Injured As Bus Overturns

Klamath Falls, Ore., Oct. 17 (AP)—Twenty-five of 29 passengers on a Northbound Pacific Greyhound bus were injured, some critically, when the bus overturned 45 miles north of here today on U. S. Highway 97 in an early season snowstorm.

The bus, en route from Los Angeles to Portland, carried a heavy load of sleeping passengers.

MEAT SHOPPER DIES  
Detroit, Oct. 17 (AP)—Charles Horst, 36, stood in a butcher shop here today, bewildered by the posted meat prices.

A moment later he collapsed and died. Doctors said he suffered a heart attack.

## Nominees Shadow-Box In Michigan Campaign

By ARTHUR W. EVERETT  
Detroit, Oct. 17 (AP)—Michigan's main political event next month appears to be shaping up as an unusual exhibition of shadow-boxing.

Neither of the two candidates for U. S. Senator has put on his campaign boxing gloves and they may not do so at all.

It's not unlike two prize fighters remaining away from the ring and letting their seconds answer the bell.

Sen. Arthur H. Vandenberg, the 62-year-old republican who has held the office for 18 years, is currently engaged in his work in Europe as adviser to Secretary of State James Byrnes.

His autumn schedule precludes any lengthy campaign in his home state, although there is a growing feeling in the party that he may squeeze in a quick junket to Michigan before the Nov. 5 election.

## DEADLINE SET TO ELIMINATE WORK OF OPA

(Continued from Page One)

main on all building materials and upon sales and rentals under the veterans housing program."

The coffee and flour developments, and the disclosure of OPA's November 1 deadline, came as:

1. Buyer resistance appeared at some markets. Control-free meat and butter were rejected by customers who didn't want to pay the price.

2. Labor members of the Wage Stabilization Board renewed their advice to the White House to toss out all wage controls immediately.

There was still talk of the possibility of an all-public panel to replace the present three-way Wage Stabilization Board.

3. The United States removed, effective at midnight, CST, tonight, a quarantine against cattle from Mexico, a move permitting the flow of some 500,000 young, thin animals to grazing lands in the southwest.

4. With congressional elections coming up November 5, the war-price situation continued to generate political controversy. Senator Wherry (R-Neb.) said in a Chicago speech "the emergency in which we now find ourselves has been manufactured by the bureaucracy."

OPA lifted ceilings off coffee with the explanation that statistics show that "supply and demand were approximately in balance."

George V. Robbins, president of the National Coffee Association, said today that current retail prices of 30 to 55 cents a pound are expected to stay there.

## Only Restaurants May Sell Whisky By California Law

San Francisco, Oct. 17 (AP)—The California supreme court today ruled that intoxicating liquor can not be sold for consumption on the premises in any place but a bona fide restaurant.

The ruling was handed down in cases brought before the court by private citizens of Glendale and Santa Clara county.

The ruling is expected to force hundreds of small saloons to install kitchen equipment and employ restaurant personnel in order to comply with the law, or go out of the bar business.

## River Rouge Blaze Kills Baby In Crib

Detroit, Oct. 17 (AP)—Eleven-month-old Philip Wroblewski perished in a fire in his suburban River Rouge home today despite frantic rescue attempts which injured his mother and a neighbor.

The mother, Mrs. Veronica Wroblewski, and the neighbor, Mrs. Ruth Lezotte, were treated at a hospital for severe cuts suffered when they smashed windows in an effort to enter the house.

Mrs. Wroblewski said she left the child in his crib while she visited next door. Firemen said an oil heater started the blaze.

## TOWER FALL FATAL

Kalamazoo (AP)—Robert Keyes, 26, of Bowling Green, O., a member of a construction crew, died Thursday of injuries sustained Wednesday in a fall from a 90-foot tower on which he was working.

Gray squirrels may travel a hundred miles or more from their birthplace.

## Ward Week Special! Ladies' Carol Brent Pullover Sweaters

Boxy styles in all colors. Sizes 34 to 40. Regular price \$2.98.

Now \$2.77

Montgomery Ward

His democratic opponent, James H. Lee, Detroit's 59-year-old assistant corporation counsel, finds himself similarly booked away from home at a Washington Utility hearing.

Lee said recently that he had no speaking engagements scheduled before the election. However, he, too, may change his mind at the last moment, his friends maintain.

Meanwhile, Vandenberg's campaign is being carried on by fellow republicans who miss no opportunity to cite the Senator's record as a G.O.P. statesman.

A defeat for Vandenberg, they contend, would constitute a repudiation by Michigan voters of America's foreign policy.

Lee has received less enthusiastic assistance thus far from his fellows on the democratic ticket. At least one of them has implied support of Vandenberg.

However, aid for Lee is coming from Henry Wallace, former Commerce Secretary, who will speak in Michigan Oct. 18-20. Sen. Claude Pepper of Florida is also booked in Michigan on behalf of the democratic slate.

Both these men, who opposed Secretary Byrnes on foreign policy, may be expected to say something about Vandenberg's record, which has seldom found favor with Soviet Russia.

If they chose the two candidates could probably stage a real campaign battle.

Vandenberg's prowess is well known nationally and internationally as well as in Michigan. He was appointed to the Senate in 1928 and won a full term the same year with a 601,301 plurality.

In 1934 his plurality dropped to 52,443 but it rose in 1940 to 414,646.

Lee is little known politically outside Michigan but his name is familiar within the state. Assistant corporation counsel since 1912, he was defeated for Congress in 1920 and for Lieutenant Governor in 1944.

A protégé of William Jennings Bryan, Lee won fame early in the century as a "boy orator" and youngest member ever to sit in the Michigan senate. A keen student of politics, his collection of campaign advertisements and literature through the years is believed to be unique.

## Mrs. Marcina Nolde Dies Suddenly At Home Near Powers

Mrs. Marcina Nolde, 78, widow of Henry Nolde, died suddenly at 4 p. m. Thursday at her home near Powers. She was born September 1, 1869, and had lived in the Powers district for 57 years. She was a member of St. Ann's Society of St. Francis Xavier church.

Survivors include two sons, Henry of Menominee and John of Powers; a daughter, Clara, of Iron River; two brothers, August, Beaver, Sioux Falls, South Dakota, and Henry, Luxembourg, Wis.

Funeral arrangements are being made at the Allo funeral home.

## EXPECT RURAL VOTE LIGHTER

**Reregistration Reveals 'Total Down; Cities Register Is Up**

Township clerks in Delta county contacted yesterday predicted that the rural vote in the coming Nov. 5 election will be lighter than before the reregistration required under state law—but how much lighter they were unprepared to say. The deadline for reregistration was Wednesday, but several clerks said they would continue to register voters who were unable to register before the deadline.

Statewide political importance has been attached to the possibility that a light rural vote might mean strength for the Democratic party, since the rural outstate areas are traditionally Republican.

In Bark River township the reregistration revealed 460 voters on the new permanent list, while before the list stood at a total of 474.

Wells township had 750 voters registered on the old list, and there was a decrease of 190, down to a present total of 560 on the new register.

Nahma township had a total of 415 on the old voters register and this had dropped to 308 on the new list.

From Baldwin township it was reported that only about 10 percent of the voting list had been lost in the reregistration; while Masonville township indicated that about 350 were reregistered, while the total vote last year was less than 300.

In every township except Brampton, which has a permanent registration, the old voters registration list was composed in part of the names of persons who had not voted for 10 or 15 years. In some cases the register contained the names of persons who had been dead or had moved from the township.

The picture as a whole was one for speculation on the effect of the reregistration. Some township officials believe the necessity for reregistering will bring out a larger percentage of the rural vote, while others thought that some persons had not reregistered and therefore may not be able to vote.

In Escanaba there was an increase of 760 in the number of registered voters, bringing the total to 7,560. In Gladstone an increase of 125 registrations brought the total to 2,669.

The natural color of teeth is not white, but varies from pale ivory to a yellowish hue.

The municipal airport of Albuquerque, N. M., is the second largest in the United States.

## NEGROES WHISKED AWAY FROM MOB IN Mt. Pleasant, Tenn.

Mt. Pleasant, Tenn., Oct. 17 (AP)—Two negroes were started for Nashville in custody of Maury county officers late today after a crowd of white men described by Police Chief Gordon Poore as "a mob" gathered about the city hall during questioning of the negroes about an incident involving themselves and a white man.

The negroes first were removed to Columbia, Maury county seat, 12 miles from Mt. Pleasant, where Maury county sheriff Flo Fleming took charge of them and started for Nashville.

Columbia itself was the scene of a racial clash last February 25 but editor John W. Finney of the Columbia Daily Herald said all remained quiet during the temporary stop of the negroes there this afternoon.

"It's a mob and they want the negroes," Police Chief Poore said here as the crowd began clustering in midafternoon about the city hall, in which the jail is located.

The assemblage—between 50 and 75 men—began dissolving an hour later when it was announced the negroes had been taken out of town.

Early inventors tried various methods of driving trains with air, but today air is used in brakes, to stop them.

## Negroes Whisked Away From Mob In Mt. Pleasant, Tenn.

Mt. Pleasant, Tenn., Oct. 17 (AP)—Two negroes were started for Nashville in custody of Maury county officers late today after a crowd of white men described by Police Chief Gordon Poore as "a mob" gathered about the city hall during questioning of the negroes about an incident involving themselves and a white man.

The negroes first were removed to Columbia, Maury county seat, 12 miles from Mt. Pleasant, where Maury county sheriff Flo Fleming took charge of them and started for Nashville.

Columbia itself was the scene of a racial clash last February 25 but editor John W. Finney of the Columbia Daily Herald said all remained quiet during the temporary stop of the negroes there this afternoon.

"It's a mob and they want the negroes," Police Chief Poore said here as the crowd began clustering in midafternoon about the city hall, in which the jail is located.

The assemblage—between 50 and 75 men—began dissolving an hour later when it was announced the negroes had been taken out of town.

Early inventors tried various methods of driving trains with air, but today air is used in brakes, to stop them.

## New Talent Added; Latest Model Jeep Runs Under Water

Annapolis, Md., Oct. 27 (AP)—The navy unveiled "The Reluctant Turtle" today, a submarine jeep that adds one new talent to the versatile vehicle of World War II fame.

Experts said the depth to which the sea-going jeep may submerge "seems to be limited only to the length of the neck of the driver, whose head must stick out of water."

Marine Sgt. Roy Harmon of Washington, D. C., veteran of Pacific fighting and driver of The Turtle, wore a diving suit, minus headpiece. The waves lapped over his collar and wet him to the waist.

Hitting the water at 18 miles an hour, in a demonstration for newspapermen, The Turtle threw a spray 20 feet into the air and slowed to a walk. The impact snapped Harmon's neck forward until he almost cracked the windshield.

The Turtle is an ordinary jeep equipped with a "submarine" kit. Marine and navy men at the demonstration said the seagoing jeep might have saved lives and equipment in war time beach invasions. It also will permit jeep-borne soldiers to ford rivers.

Waters from Minnesota drain into Hudson Bay, the Atlantic Ocean, and the Gulf of Mexico.

The hippopotamus sweats red—a pigmented, oily fluid.

CHAPTER TEN

# CHEST PLANS SHAPING UP

Preliminary Work Of County-Wide Drive Gets Under Way

Another step in the establishment of the Delta County community chest was taken yesterday afternoon when the temporary committee in charge met and perfected the initial organization.

Ed Edick, senior high school principal was appointed to head a committee to draw the constitution and by-laws of the organization and will have the articles ready by mid-week as the basis on which the permanent organization will be built.

It was also decided to establish a board of directors with a member of the board from each of the 14 townships, and representation on the board from Gladstone and Escanaba.

From the board of directors the group comprising the executive committee and officers will be selected, it was stated. Officers to serve the organization will be president, vice president and secretary-treasurer.

Possible organizations who will be included in this year's chest drive will be Boys Scouts, Girl Scouts, Campfire Girls, and Liver C.I. Fund, Salvation Army and the USO with a possibility that other public supported organizations will submit a budget for participation in the chest.

At the meeting yesterday, were Joe Ivens, temporary chairman, Mrs. Walter Dickson, Carl Nelson, John Voght, Gladstone, and George Lindenthal. Members unable to attend were Mrs. John Fawcett and Henry Boyle, Bark River.

Headquarters for the chest organization and fund raising campaign will be at the Chamber of Commerce offices and part of the work of the fund will be done in that office with C of C personnel, in the interests of economy, it was decided.

Complete organization of the drive will be announced as soon as preliminary details and other arrangements are completed.

## Cooks

**Birth**  
Cooks, Mich.—Mr. and Mrs. Wesley Parish are the parents of a daughter born at the Shaw hospital, Manistique, Saturday, Oct. 12.

**Personals**  
Mr. and Mrs. Elmer Bressler, daughter Sally May and Donald Archambeau of Munising spent Sunday at the Peter Archambeau home.

Pic Archie Ziegler of Camp Campbell, Ky., has spent a few days at the Herb Gray home, returning to camp Sunday accompanied by Pfc. William Adams.

Mr. and Mrs. Lawrence Wilson left Saturday for Lower Michigan where they will visit friends and relatives. While down there they will attend the I. O. O. F. and Rebecca conventions which will be held in Detroit and of which they are both delegates.

Mr. and Mrs. Joe Pilon and family of Nahma spent Sunday at the John Neadow home.

Dr. Carl Yoder made a business call at the Frank Reid farm Sunday.

Mr. and Mrs. Joe Popour went to Nadeau Sunday. They attended a chicken supper sponsored by the Catholic church and also visited relatives.

Walter Lindroth has moved his potato digging equipment from Hiawatha to Cooks, where he has a 100 acres of potatoes to dig.

Miss Marjorie Hillson arrived home Saturday after spending the summer months in Grand Rapids. She was accompanied by her aunt.

**"Ah-h-h! I Can Breathe Again!"**  
If your nose sometimes fills up with stuffy transient congestion—put a few drops of V-A-T-R-O-NOL in each nostril. It quickly reduces congestion and makes breathing easier in a hurry... gives grand relief from sniffles, sneezes, stuffy distress of head colds. Follow directions in the package.

**VICKS V-A-T-R-O-NOL**

Miss Ruth Baker and cousin Raymond Hillson.

Mrs. Ernest Knuth received a wire from Albion, Mich., Friday telling of the death of her mother, Mrs. Lydia Sykes. She left by bus the same day to attend the funeral.

Miss Sybil Mannering and Miss Shirley Purcell, who have been visiting with Mrs. Bertha Mannering, left on Saturday for Flint to spend a few days before returning home to San Diego, Calif.

Miss Wyoma Hillson has returned to Grand Rapids after spending the summer with her parents, Mr. and Mrs. B. A. Hillson.

Mr. and Mrs. Louis Baume of Iron Mountain spent Sunday at the George Gray home.

## Youth Guidance Official Visits

M. G. Carmany, Lansing, field representative of the Michigan Youth Guidance commission, visited Escanaba to make arrangements for a meeting of representatives of various agencies interested in youth problem. The conference was scheduled for Nov. 14.

The Michigan Youth Guidance commission was created by an act adopted by the 1945 legislature. Its functions include: To promote effective programs of youth guidance, to assist agencies concerned with youth through appropriate encouragement and activities, and to cooperate with public officials

## Auto Hits Train; Two Are Injured

Two Escanaba men were injured, neither seriously, when the car in which they were riding struck a freight car of a train at the North Western railroad crossing on Stephenson avenue at 12:15 a. m. yesterday.

The driver of the car, Lester LaValley of 517 First avenue north, was charged with reckless driving following an investigation by Escanaba police. LaValley will be arraigned when his condition will permit.

LaValley and his companion, Robert Mulvaney, 301 North 16th street, were taken by police to St. Francis hospital for treatment of face and head cuts. They were later released from the hospital and yesterday were resting at home.

Police reported that the LaValley car was traveling south on Stephenson avenue when it hit a freight car of train No. 187 which was coming into the yards at Escanaba. The car was dragged 44 feet by the train and the front end of the car was demolished.

Albany is the oldest chartered city in the United States.

in promoting the best interests of youth and to prevent juvenile delinquency.

## Germfask

**Church Services**  
Germfask, Mich.—Presbyterian Mission, Oct. 20, 7:30 p. m. at the South Germfask school. Special music.

St. Therese Catholic, Oct. 20, 8 a. m. Confessions Saturday evening 7 to 8 p. m.

Methodist Oct. 20, 3:30 p. m., Sunday school 11 a. m.

**Club Meets**  
The Community Club held their regular meeting—Thursday afternoon at the home of Mrs. Matilda Lustila. A business session was in charge of Julia Morrison in the absence of the President Sadie Saunders. Plans were discussed for the bazaar dinner and various committees gave reports.

After the business a social hour

was held.  
At the close of the afternoon lunch was served by the hostess, Mrs. Lustila.  
Next meeting will be at the home of Mrs. Martensen on Oct. 24.

**School News**  
A Columbus Day Program was presented at the school Friday.

Program was as follows:  
Song, "America the Beautiful", audience.

Poem, "The New World", Four boys, (primary.)

Poem, "All Things Bright and Beautiful", Int. Group.

Reading, "Christopher Columbus", Luella Livermore.

Song, "Over There", Audience.

Poem, "Columbus" Donna Lawrence.

Play, "Columbus" 5th and 6th grades.

Poem, "Young Columbus" Ar-

lene Noss.  
Song, "America" Audience.  
C. Nelson and William Caffey are spending a few days in South Dakota hunting pheasants.  
Mrs. Clara Brugh returned to her home at Ovid Thursday after spending two weeks here with her father Aubrey Van Schoyck.  
Hon. D. F. Morrison returned home Saturday after spending a few days at Lansing attending a session of the legislature.  
Mrs. Harvey Saunders left last week for Detroit to spend a week visiting her sisters.  
Mr. and Mrs. Walter Burns spent the week end in Lower

Michigan attending a convention of the "Latter Day Saints."  
Mrs. Romeo Lawrence and Mrs. J. Washell visited their sister, Mrs. Rosalie Lytle at Powers Thursday.  
Art Barney of Grand Marais spent the week end here with friends and relatives.  
Mr. and Mrs. John Holbrook are spending a few days here visiting friends.  
Mr. and Mrs. Philip Brown of Port Huron arrived here last week and will make their home here for a time. At present they are residing with Mrs. Brown's parents, Mr. and Mrs. Frank Brown.

Can you guess how much Michigan Bell earns a year?

RECENTLY a lot of folks were asked how much a company should earn per year for each dollar which had been invested in the business. Most of those expressing an opinion figured that at least 10 cents—or 10 per cent—was fair. In other words, if they ran their own business, that's what they thought they should earn.

In the period from 1920 through 1945, Michigan Bell never earned as much as 10 cents on the dollar and one year earned as little as 1.1 cents. For the 26-year period, the average was 6.2 cents on the dollar—and during the war years it was even less! This average was quite a bit lower than that of most other businesses, and a lot lower than most people think normal earnings should be.

Adequate earnings are important to Michigan Bell, because they enable us to pay a return on the savings

which hundreds of thousands of folks have invested in Bell System securities. If we don't earn enough to pay this return, we can't attract additional capital with which to improve and expand the telephone system. And the quality of your telephone service in the future depends on just that.

Michigan Bell's "cost of living", like yours, has been rising rapidly. If it continues to go up, rate increases may be necessary to insure adequate earnings. In any event, we don't want rates to be any higher—or any lower—than necessary to conduct the business properly... pay good wages... and give a fair return to the investors who own the business.

This way we will protect the future quality of the telephone service we give you.

**MICHIGAN BELL TELEPHONE COMPANY**  
OUR \$150,000,000 POST-WAR PROGRAM MEANS JOBS FOR THOUSANDS

### OPA to Curtail

ANNOUNCEMENT has been made in Washington that a drastic reduction in the staff of the Office of Price Administration is coming as a result of administration plans to accelerate the decontrol program.

This is to be expected and is the proper step to be taken. However, it appears that the emphasis is always placed on the OPA, while there is a tendency to lose sight of the other governmental agencies, who go merrily on their bureaucratic way with big payrolls and not much to do.

The same economy fervor that motivates action toward the curtailment of the OPA should be extended to other alphabetical agencies, which are imposing a heavy burden upon the nation's taxpayers. Too many governmental bureaus are still overstaffed. Let's not stop with the OPA in looking for ways to effect economies.

### From Little Acorns—

ON THE theory that big oaks grow from little acorns, the Escanaba Chamber of Commerce industrial committee is giving the same encouragement to the launching of small businesses in Escanaba that it is providing for the development of large industries. It is a sound and sensible policy because the history of all large companies can be traced to modest beginnings.

The establishment of the X-Gi Battery company in Escanaba is a case in point. Here is a company that now employs only two men, located in unpretentious albeit satisfactory quarters. Whether the company expands or not, it will provide a new service to the community and that in itself is desirable. The chance for expansion is there, however, and someday its payroll may be multiplied several-fold. Companies like these deserve public encouragement and the Chamber of Commerce is pledged to do that.

A program of this kind also brings other rewards. It helps to diversify industry in the community, breaking down the long established idea that Escanaba and the Upper Peninsula must gear itself solely to lumbering and mining.

The helping hand of the Chamber of Commerce in the establishment of industries shows that the community is awake to its possibilities and that, in turn, attracts new business because industries like to settle in wide-awake communities.

The location of the X-Gi Battery company here, small as it is, opens a new avenue to industrial development because if the company succeeds and takes firm root, it will show the way for production and marketing of products on a regional, rather than national basis. The X-Gi company looks to the Upper Peninsula primarily for the marketing of its product. It is a market that could well absorb many products not now being manufactured in this area.

### Au Train Canal

MORE than a year after the holding of hearings at Marquette and Escanaba, the war department issued a notice this week stating that the army engineers had submitted an unfavorable report on the Au Train canal proposal.

The unfavorable report was more or less expected. Again, the army engineers explained that the unfavorable report was made because the costs of the desired improvement are greatly in excess of the reasonably anticipated navigation and transportation benefits therefrom.

So, the Au Train canal dream will go into oblivion again for awhile, only to revive when the opportunity presents itself. The proposal to bisect the Upper Peninsula from Au Train, on the Lake Superior shore, to Rapid River, at the head of Little Bay de Noc, was first broached a half century ago. It came to life again during the depression era when every community was thinking of grandiose schemes to spend the government's millions to provide work for the jobless. Then, the Au Train canal idea was picked up again during the war as a national defense project.

Now that the war department has issued another of its series of unfavorable reports on the Au Train canal project the communities that were most intensely interested can settle down to smaller but more practical ideas. After all, a small industrial project that materializes is much better for a community than a big dream program that gets nowhere.

### Community Delinquency

ITS community delinquency, rather than juvenile delinquency, when young people go wrong, according to M. G. Carmany, field representative of the Michigan Youth Guidance commission, Lansing, who was a visitor in Escanaba yesterday.

Delinquency may be traced to the negligence of parents or the community as a whole. It can be blamed on the community that does not provide the proper atmosphere—good schools, youth centers, recreational activities—for proper living. Most of all the responsibility for the proper bringing up of youngsters rests with

the parents, who have the hardest and most important job on earth.

The Michigan Youth Guidance commission recently issued a brochure, which presents some ideas for parents that actually hit home. Here are some of the simple truths that parents should always keep in mind:

One of the hardest but also one of the best things about being a parent is the need for continual adjustment to new stages in the development of our children. A good parent cannot stop growing.

Our children's adolescence provides a challenge just when we need it most—at middle age.

For their sakes as well as our own we must meet the challenge, for parents who really understand are as essential to the wholesome growth of young adults as of younger children.

Adolescents are neither children nor grownups but adults in the making, and much of their awkwardness, impudence, wildness, cockiness, inconsistency, and moodiness is a part of the growing-up process.

Tensions and uncertainties of a war and postwar period hit our adolescents harder than anyone else and increase their normal explosiveness and erratic behavior.

They need sympathy and loving guidance, not ridicule and blame. An adolescent is never so much in need of love and understanding as when he is most unlovable.

Along with our love and guidance, adolescents need all the freedom they can use well for growth toward independence, and privacy for budding selfhood.

Freedom must be tempered by stabilizing responsibility that is self-assumed, not imposed from without.

A share in planning the division of family tasks, family income, and family privileges leads to this genuine acceptance of responsibility.

Counsel with parents who really listen, and contribute from their experience, but do not force their point of view is essential for growth toward self-direction.

Neither an outside job nor overly-exacting home duties should be allowed to interfere with the adolescent's education and all-round development.

Boys and girls who reach puberty without understanding the origin of human life and the changes appearing in their own bodies are seriously sinning against. Both parents and school should provide wholesome knowledge and attitudes in this important area.

A home where the young adult's friends of both sexes are welcome, and where supervision is careful but not obvious, is a safeguard against real problems and delinquency in any form.

Mutual respect, trust, sympathy, and affection are the foundation of wholesome family living as well as of the personal growth of all family members.

Homes where parents live their religion and keep vital contacts with their church are essential for spiritual growth and sound character development.

### Meat Returns to Market

THE lifting of livestock controls has reached the desired effect of bringing meat back on American dinner tables, even though at substantially higher prices than the previous OPA ceilings.

As expected the first rush of cattle and hogs to slaughtering pens brought sharp increases in wholesale prices, all of which will be reflected at retail levels when the meat arrives on the neighborhood market. However, the prices are bounded to drop when the pentup demand has been satisfied.

From now on the prices of meat rest entirely with the consumer and the meat industry. If the public shows a disposition to pay unreasonable prices for meat, the result will be a continuation of exalted prices. Fortunately, the history of the buying public's habits shows that the opposite is true. The average American housewife is a pretty shrewd shopper and she can and will do more to bring the price of meat down to earth than all the government directives put together.

A movie camera developed in France 100,000 images a second. That could almost catch the antics of our five-year-olds.

A British scientist predicts that the world will some day go naked. Maybe from living on bare necessities.

Federal officers have a habit of finding the source of some of the still waters that run deep.

Passenger car production reached a postwar peak of 241,302 units in August. Imagine envying that many people!

It's hard to have any peace of mind when somebody is always giving you a piece of theirs.

### Take My Word For it

Frank Colby

#### AREN'T I?

In a recent edition of Collier's, this question was asked: "Dear Editor: I notice a tendency among some English teachers to use 'Aren't I?' for 'Am I not?' In so doing, are they correct?"

Collier's answered that usage sanctions "Aren't I?"

It hardly seems necessary to point out that "Aren't I?" is the contraction for "Are not I?" a locution that is as illiterate as the English in the recent song, "Is You Is or Is You Ain't."

In telling its readers that "Usage sanctions 'Aren't I?'" Collier's also puts its stamp of approval on "I are" and "I are not." For if "Are not I" is good usage, then so are "I are" and "I are not."

Perhaps this open letter in rhyme will put Collier's, its readers the "English teachers," and the public at large at last on the right track:

Dear Collier's:  
I is not mad, but I are sad

## World Events Analyzed

BY MARQUIS CHILDS

Madison, Wis.—At 83 years of age, Gov. Walter Goodland of Wisconsin is running for re-election, and if there is anything certain in the uncertain business of politics, it is that he will be returned to office by a large majority.

The old man is a myth, a legend. The Wisconsin legislative reference bureau has established, after exhaustive research, that he is the oldest man ever to govern a state or territory of the United States.

Yet he is more than a myth, as both his friends and enemies have discovered from time to time. Just when his thoughts seem to be wandering off into the great blue yonder, he comes to with a bang and barks his orders at startled assistants.

#### —SPUNKY OLD MAN—

There are many reasons why he should be a popular legend. First, the mere fact of his age is appealing at a time when the general age level of the population is climbing. Older people like to think that a man many years their senior can step into an important office and make good.

Then the old governor's spunky independence has won him admirers. They feel that maybe an old man with nothing to lose can be more honest than a young man on the make. Repeatedly Goodland has done battle with the legislature. When he gets riled up by bills that seem to him contrary to the public good, he sends down angry veto messages.

But it is really something deeper than this that has anchored public sentiment to the venerable old gentleman. In an age of rapidly changing values, he stands as a symbol of what is sturdy and solid and good. He is a heritage, an heirloom, to cling to at a moment when so much of the past, both good and bad, seems out the window.

#### —WEIGHS 260 POUNDS—

Once he plants his massive body in his chair behind a broad table in the governor's office in the capitol here, he rarely stirs until it's time to go home for lunch or dinner. At 83, he has wobbly knees and feet that trouble him, and he weighs 260 pounds.

Mostly, people come to him. Mostly, they want something. He sits ruminatively puffing on his pipe, and if they're too long-winded or if they sound too foolish, his eyes nod shut. The visitor finds this somewhat disconcerting. After all, you can't prod the governor and ask him if he's heard you.

Much of the fuss and fury of the present the governor dismisses as unmitigated nonsense. He brushes it aside with the same irritated contempt with which you would brush away a swarm of gnats.

"Communism?" he says in his low, rumbling voice. "Why, there's nothing to all that talk. Haven't you learned yet that the American people have to get excited about something? They're always working themselves up over something and, right now, I guess it just happens to be what they call Communism."

"Why, the folks in this country know better than that. The farmers know that you can't get something for nothing. Anything you get, you have to work for—and mighty hard."

Although he is a Republican, he has a short answer for another controversy that has been fanned up in this campaign year. The governor doesn't put much stock in all the talk about a meat shortage.

"It'd be a good thing," he says, slowly relighting his pipe and looking like a momentarily irritated Santa Claus, "if we'd all go without meat for six months or a year. We'd all feel better."

The Governor himself is a big feeder but, these days, he relies on Wisconsin cheese to take the place of meat. His health is good for a man of his age. After Richard L. Nueberger wrote a sympathetic article about him in a national magazine, incidentally telling of the trouble he has with his feet, the old gentleman received suggested cures and even samples of medicine from various parts of the country. His contemporaries and his near-contemporaries wished him long life and even greater successes in his career.

#### —COULDN'T BE SIDETRACKED—

The Republicans at their state convention tried to sidetrack the old gentleman. They endorsed another candidate. But that didn't in the least bother the governor. He won the nomination in the primary by a handy margin, even though he campaigned scarcely at all.

Elected lieutenant-governor, Goodland fell heir to the governorship in 1943. Running for re-election two years ago, he polled more votes than either Dewey or Roosevelt polled in Wisconsin. His opponent then was Daniel W. Hoan, one-time Socialist mayor of Milwaukee, who was running as a New Deal Democrat.

Hoan is again opposing the governor. But Goodland doesn't seem in the least worried. He smokes his pipe and looks meditatively out at the red and yellow maples beyond the window.

At your grammatic whiz.  
You get the gong, for you am wrong—I mean you really is.

It ain't not right for you to cite "Aren't I?" (My head have swam!) So have the wit, please, to admit How wrong, how wrong you am!

The truth is, "Aren't I?" was picked up and parroted by some American writers who saw the illiterate expression in trashy British fiction. With ecstatic cries they introduced "Aren't I?" into their own cheap fiction, in the belief that the expression was "society" English.

As for "some English teachers" who say "Aren't I?" if they will reflect for a moment on what they actually are saying, I feel sure that they will make themselves stay after school for a review of the first principles of English grammar.

## Study in Still Life

## Good Morning!

By The Bugler

**YOUTH IRRESPONSIBLE?**—Americans have too long depended upon legislation to solve their problems for them. "If we only had a law," is a favorite complaint

Dunathan

Older people often take the unjustified position that youth is likely to be irresponsible and flout the law. Yet with our modern system of education which stresses the importance of citizenship training, young people today are more inclined to think seriously of their responsibility than their privilege. All too often, however, we find that the example in the home or the community outweighs the child's education in good citizenship.

In brief, youth is as irresponsible as the parents or adults of the community are irresponsible.

**AS DRIVERS**—An accumulation of years in no way assures an accumulation of virtues. There are old sinners as well as young. The only difference is that age brings a measure of caution.

Youth has often been accused, for instance, of being predominantly responsible for the increasing number of traffic accidents. Yet Michigan law permits the issuance of a driving license at the age of 14, which is considered by many to be too young. The American Automobile Association, for instance, is campaigning to raise the age of licensed drivers to 16, which it believes would result in fewer traffic accidents.

In every community, however, there are older drivers who could name who should not be permitted to operate an automobile. At the same time you know personally boys and girls of 14 and 15 who are far better drivers than adults who criticize youth for its irresponsibility behind the wheel.

**THE VOTING AGE**—What is the age of responsibility? The age of "reason"? Is it the voting age of 21, general in most states? Or is it the age of 18 as in Georgia? One of the candidates for governor in Michigan is proposing the reduction of the voting age to 18. In Michigan it is against the law for persons under 21 to purchase, receive or consume intoxicating beverages. If the voting age were lowered to 18, would that also be the age at which drinking would be permitted?

It is significant that Michigan drinkers are consuming more alcohol than at any time in the history of the state. Under the law this bath of brain-number goes to those over 21, who apparently are stepping up their consumption. Our confirmed alcoholics are all over 21 years of age—yet they together with thousands of borderline feeble-minded, the senile, and others outside institutions are permitted to vote.

Again, there will be few who will question that one well-informed high school boy or girl is better qualified in judgment to vote than are millions of persons of adult age.

**IRRESPONSIBLE ADULTS**—There have been statements that our young men (and women) who go hunting should be given a

## INTO THE PAST

10 Years Ago—1936

Mr. and Mrs. Clement Gallagher, 317 North 12th street, are the parents of a daughter, born Thursday night at St. Francis hospital.

Mr. C. T. Sullivan of Milwaukee is visiting at the home of her parents, Mr. and Mrs. Cheever Buckbee, Lake Shore Drive.

Hilding Ragner Martinson and Elvera Wicklund, both of Escanaba, filed an application for a marriage license at the office of P. A. LeClaire, county clerk.

Fire checks for WPA workers will be available this morning at nine o'clock, it has been announced by Jack Stephenson, WPA paymaster.

Tona Winchester has left for an extended visit with relatives in Chicago and Racine.

20 Years Ago—1926

School authorities at Port Fulton, Ind., have ruled that Virginia Allen cannot attend school dressed in a knicker suit and long stockings as the costume was considered immodest. Her mother insists that knickers are more modest than bare knees and has instituted court action to uphold the girl's right to wear them.

Lace stockings have returned to favor in flesh and nude shades; thin as a cobweb and perishable as a dream.

Leo T. Young has taken a position with the Escanaba Veneer company. Mr. Young was formerly with the Birdseye company for a number of years and is well known throughout the peninsula as a hog buyer.

Funeral services for Wilfred Boileau were held Saturday morning at nine o'clock at St. Anne's church with Rev. R. G. Jacques as celebrant at the requiem high mass.

The Escanaba high school defeated Menominee this afternoon on Walton Blesch field by a score of 21 to 0.

careful preparatory course in gun safety before they obtain a license.

This is not now required—but to obtain a hunting license every youth under 17 must have the signature of his parent or guardian to an affidavit that he will be accompanied by an older person while hunting.

Persons 17 and over are considered to have arrived at an age of good judgment and reasonable caution. Yet who will say that all youths of 17 and over are sufficiently mature to use firearms cautiously? Particularly when each year men who have been hunting for many years accidentally shoot themselves or their companions.

Thus we see that in Michigan upon may drive a car at the age of 14, hunt without the accompaniment of an older person at 17, and drink and vote at the age of 21.

**WHERE IT RESTS**—It is understandable that by legislation it is always necessary to establish rules arbitrarily—such as the age limits for driving cars, licensed hunting, drinking and voting.

Responsibility for the enforcement of laws regulating the conduct of youth cannot rest alone upon law enforcement officers. If parents believe it can, they are delegating parental responsibility. There are already too many irresponsible adults who bewail their irresponsible children.

Better than any law and a thousand officers to enforce it is a return to the sound system of American home life, old fashioned as that may sound. Parents who are good citizens breed good conduct by good example.

The adult who criticizes the young people of his town is saying in effect that he and other

## Q&A Service

By WS Bureau

**What do you want to know?** We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) MAIL THIS COUPON and a 3-cent stamp, self-addressed envelope to Escanaba Daily Press Service Bureau, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone: write as directed.

Q. When I was being re-deployed to the Pacific theater, my outfit was given 90 days furlough. Is that time considered chargeable to ordinary furlough time?

A. The ninety-days temporary duty authorized absence you received upon return to the United States is not charged against your ordinary furlough time.

Q. Are Americans who served in the armed forces of Allied nations eligible for the benefits of the amended G. I. Bill?

A. Yes, the new amendments make such persons eligible the same as men who served in the U. S. armed forces, but only if they have not received a similar benefit to one provided in the G. I. Bill from the foreign government they served.

Q. Is a person who has been finally discharged prior to September 16, 1940, eligible for GI rights?

A. No, except to job counseling and employment service, if he served during a war period and was discharged under conditions other than dishonorable.

Q. Are the weights and measures used in France the same as those of the United States and England?

A. No; they are entirely different. Within a comparatively recent time the French have reconstructed their old system of weights and measures, and formed another on an entirely new plan. The French system is, at present, the best and most accurate system existing.

Q. What is the function of a coroner?

A. To investigate the cause of death which is supposedly not due to natural causes.

Q. What is the oldest British colony?

A. Newfoundland.

Q. In round numbers how many miles are there in a light year?

A. Six trillion (6,000,000,000,000). You can figure it out for yourself starting with the velocity of light (186,000 miles per second).

Q. In what book is the character Uriah Heep?

A. David Copperfield.

Q. What animal can grow a new tail?

A. Lizard.

Q. On how many islands is New York City built?

A. Three—Manhattan, Staten, and Long Island.

**MAP OF THE PACIFIC**

A large map in colors, 19x20 inches, detailing the vast expanse of the Pacific Ocean including U. S. British, Dutch, Japanese, etc. possessions. adults in his community have failed.

—Clint Dunathan.

## The Washington Merry-Go-Round

BY DREW PEARSON  
(Ed. Note—Drew Pearson's column today takes the form of a letter to his brother in Paris.)

Washington, October 17, 1946.

Leon Pearson, International News Service, Paris, France.  
Dear Kid,

Well, we are in for some interesting times in this country. A meat-mad America has been threatening to tear Harry Truman limb-from-limb politically unless

its appetite for red meat was met, and poor Harry has finally surrendered. I felt sorry for him. But I feel sorrier over what may be ahead for all of us. We may be ready to follow the French road to inflation.

Something has been happening in this country—something that doesn't jibe with our usual good sense and patriotism.

Several weeks ago this normally sane nation suddenly went mad over meat, and it has stayed mad ever since. I have been trying to figure out the reason.

Actually we ate more meat during the war than before; 140 pounds per person per year, which was 12 pounds more than we ate annually before the war started. And as I look back on it, we never used to be a nation of such passionate meat-eaters.

Remember when we were kids? We never had meat more than three or four times a week. Mother said it was too expensive and that vegetables were just as good, anyway. Remember what a big event it was when, once a week, we had round-steak ground?

—“CHICKEN IN EVERY POT”

At that time chicken was an even greater delicacy. We always had it on Sundays, and I guess most every family did, for when Herbert Hoover wanted to promise the American people the super-duper of food, he told them they'd get "a chicken in every pot." If they elected him president. It got him elected all right, but now that Harry Truman has given us a chicken in every pot, and sometimes turkey to boot, we're not satisfied. Now it's to hell with chicken and Truman. We've got to have a beefsteak in every refrigerator.

Sitting over there in Paris you will hardly believe some of these things. And if you came back on a quick trip you would hardly recognize some of your fellow Americans. They simply went berserk over meat.

I took a quick trip through the Middle West last week, and that was all they were talking about—meat. Our dangerous problems with Russia, the hopes of the peace conference, the relative merits of political candidates all were forgotten in the rage over meat.

Of course, part of this was purposely whipped up by the Republicans AAA strategy they'll live to regret. Republican candidates drove loudspeakers up to lines outside butcher shops and made the most of it. It got so bad that fine, able congressmen like Mike Monroney of Oklahoma were in danger of defeat.

But in addition to the politics involved, I am afraid that patriotism and unselfishness and the things that have made this country great, have slid into a terrific backwash.

It began, as it usually begins, near the top. And it filtered down, as

# Worth Company of Stevens Point Will Open Branch Factory Here

## SITE OPTIONED FOR BUILDING

To Make Fishing Tackle And Light Metal Stampings

Announcement was made yesterday by the Escanaba Chamber of Commerce that the Worth company of Stevens Point, Wis., manufacturer of fishing tackle and light metal stampings, will establish a branch factory in Escanaba.

J. A. Voss, production manager of the Worth company, is in Escanaba this week to make arrangements for the launching of the new industry here. The concern has obtained an option on a tract of land in North Escanaba and has filed an application with the CPA office in Detroit for a permit to construct a factory building, which will provide 5,000 square feet for the company's initial operations here. Employment of about 100 persons is planned after production gets well under way.

Joseph Worth, head of the Worth company, started the business in 1941 with five persons employed at making flies in an old house at Stevens Point. The concern now has 180 workers. It is housed in a new factory building and is now erecting a warehouse at Stevens Point. It also has a metal stamping department in the Stevens Point armory building, which it is being forced to vacate because of the reorganization of the National Guard unit. A small branch factory at Amherst, Wis., employs 60 persons. About sixty per cent of its employees are women.

The Worth company manufactures flies, spinners, spoons, popping bugs, baits and other fishing equipment. It also produces split rings used in the aviation industry, stirrups for concrete construction work, memorandum pads and other light metal stampings. During the war, it worked on army and navy contracts.

Mr. Voss said the first step would be to engage several persons, who will be sent to the Stevens Point plant to receive training to qualify them as instructors in fly tying. Plans are to lease temporary quarters to carry on fly tying work until the new factory building is ready for occupancy. Other products will be made later. Mr. Voss said he appreciated the offer by the Escanaba public schools to assist in a cooperative training program.

Mr. Voss became acquainted with Mr. Worth when he was employed as a navy inspector at the Stevens Point plant. In July 1943, he joined the Smaller War Plants Corporation, with offices at Wausau, Wis., where he remained until last summer when he became associated with the Worth company as production engineer.

Mr. Voss will leave this afternoon for Stevens Point to spend the weekend and will return Monday to complete arrangements for hiring the initial personnel.

There are now a half dozen concerns engaged in the manufacturing of fishing tackle in Stevens Point, and together they employ more than 800 persons.

**PARTNERS IN INDUSTRY**—John Kossow and Leslie Plimpton, formerly of Rock and Milwaukee, are the partners in the X-GI Battery company, which will be engaged in the manufacture of batteries at its factory, located at 1330 Washington avenue, Escanaba. To start out, they have a large order for the rebuilding of old batteries. They plan to begin making their own product in the near future.

1330 Washington avenue, Escanaba. To start out, they have a large order for the rebuilding of old batteries. They plan to begin making their own product in the near future.

## POWER MOVED FOR 500 MILES

German Mode Lengthens Transmission Of Electricity

Washington—Great dams built by the United States for hydro-electric power plants, or others constructed for irrigation or flood control that produce electricity as a by product, can serve a much larger area by means of German developments.

German documents, now in America, outline procedures for transmitting power up to 500 miles over wires carrying 400,000 volts. Heretofore the maximum transmission was up to 300 miles, at 287,000 volts or less, officials of the Power Division of the U. S. Department of the Interior state.

These valuable documents were obtained in Germany by representatives of the Office of Technical Services, Department of Commerce, and now have been translated by the Interior Department. They indicate that Germany was far ahead of the United States in the development of alternating and direct current 400,000-volt transmission lines, the Power Division declares.

The United States is using long-distance transmission with potentials up to 287,000 volts on the Boulder-Los Angeles line, a distance of some 250 to 300 miles. The Bonneville Power Administration, studying the problem of ultra high-voltage transmission since 1938, sees in the German system a solution by means of which large blocks of power can be sent to coastal and other communities 500 miles away. The Grand Coulee dam, also on the Columbia river, is located well within a 500-mile distance of much of the industrial northwest.

**FORESTRY STUDY**—Miss Eunice LaLonde, member of the biology class at the Rapid River high school, obtained some practical experience in forestry when she helped to mark the trees for selective cutting in the school forest. Rapid River high school as a 40-acre forest, established 15 years ago.

The forest has been a school project for approximately 15 years, but activities to now have been limited to tree planting in the spring.

Since there now is a limited number of trees that have matured to the point that they are no longer increasing in size, and because there is a good stand of new seedlings in some parts of the forest, it was felt that a limited amount of cutting for commercial sale could be made. The class is taking the responsibility of investigating and managing this activity while they are in school.

After they have totaled their figures obtained this week, and know what merchantable timber they have, their next step will be to contact the conservation department and outline to them their tentative plans for selective cutting. The fourth step will be to investigate methods and procedures for cutting and marketing, and to determine how and who will undertake this phase of the program.

The students themselves do not contemplate doing the cutting, but will follow the activities closely and will keep an accurate record of all financial and other negotiations. They will possibly make some labor cost estimates in connection with cutting activities.

It is expected the cutting will take place on a conservative basis will probably extend over a period of years. Mr. Slough is project supervisor and leader of the group, and he will be assisted by Westrate and Skog.

Meanwhile planting and reforestation will continue on the 240-acre plot, and students will use the forest as a field laboratory to study all phases of forestry that it offers. The students will also branch out into other phases of conservation study, including forest fire prevention and control.

## School Forest Grows Up; Management Begins

Thirty-two conservation minded Rapid River high school students "took to the woods" the other day to complete the second step in their three-year program of woodland management of the 240-acre school forest, now 15 years old.

The students went on a timber cruise of the forest to determine by actual count the amount of cordage present, and the number of trees that could be cut in keeping with good recommended forest management practices.

Only trees that were six inches or more in diameter at chest height were counted, and those that could be cut were marked by the students with yellow paint. It is estimated that approximately one-fourth of the trees of six inches or greater diameter were marked for cutting. Roy Skog, Marquette, Michigan State College extension forester; Ben Westrate, Escanaba, county 4-H club agent; and Norman Slough, Rapid River biology teacher, supervised the student work crews in the woods.

Paul Bowers, Rapid River high school superintendent, and his group of students last spring launched the forestry project by

## Au Train Canal Plan Rejected

An unfavorable report on the Au Train canal project has been submitted by the Army Corps of Engineers, the war department announces in bulletins received here yesterday.

Hearings on the proposal were held at Marquette and Escanaba on June 27 and 28.

## McMillan

**Baptist Missions**  
McMillan, Mich. Ralph L. Hill, pastor. Services at E. Lakefield School.  
10:00 a. m. Sunday School.  
11:00 a. m. Morning Worship.  
7:30 p. m. Evening Prayer.  
7:30 p. m. Thursday Prayer Meeting and Bible Study at the home of Mr. and Mrs. John Oberlin.

The annual harvest festival, sponsored by the Women's Society of Christian Service, was held Friday evening in the Columbus Township Hall. There was a large crowd in attendance. Jack Mahar and Con Smith were the auctioneers. Community singing was led by Mr. Mahar with Mrs. Lloyd Varnes at the piano. Following the auction lunch was served.

Among those from Newberry to attend were: Mr. and Mrs. Charles Roof, Mr. and Mrs. Marshall Smith, Rev. R. A. Brunger, Mrs. Lida Smith, Mrs. Eunice Storey, Mr. and Mrs. Con Smith and Pat Haze.

Mr. and Mrs. Henry Heidbrecht left Thursday for their home in Mt. Morris after spending the summer months here at their cottage on Manistiquette Lake.

Mr. and Mrs. Louis Hartwick returned to their home in Crosswell Thursday after spending several days at their cabin here.

A farewell party was held at the home of Mrs. Lyla Kalmbach Friday evening for Mrs. Lyla Kalmbach's daughter and son-in-law, Mr. and Mrs. Claude Shufelt. They left Saturday for their new home at Sylvania, Ohio. The occasion was also Mr. Shufelt's birthday. Rev. Ralph Hill conducted a devotional hour, then games were played and a birthday lunch served. Guests included: Rev. and Mrs. Ralph Hill, Mrs. Jesse Hanger, Mrs. John Hanger, Mr. and Mrs. John Oberlin, Mrs. Emily Biber, Mr. and Mrs. Karl Kalmbach, Mr. and Mrs. Joseph Cuthbert and Mrs. Lyla Kalmbach.

Mr. and Mrs. Burton Harkness of Dearborn arrived Friday to spend a few days with Mr. and Mrs. W. B. Harkness. They will be accompanied home by their daughter Winifred, who has been the guest of her grandparents for several weeks.

Mr. and Mrs. Ernest Zimmerman and daughter Sue of Midland were guests of Mr. and Mrs. Sam Zimmerman over the week end.

Mr. and Mrs. Arnold Soeder and children and Miss Jeanne Gollinger of the Sault were guests of Mr. and Mrs. J. H. Skinner Friday evening.

Mrs. William Daffy of Dearborn and Mr. and Mrs. Cashmere Bishop of Detroit are visiting at the home of Mr. and Mrs. Donald McInnes. Mrs. Bishop is the sister of Mrs. McInnes.

Mr. and Mrs. W. B. Harkness and Mr. and Mrs. Burton Harkness spent Friday in the Sault.

Coch David Ripley of the Sault called on Mr. and Mrs. John Skinner Saturday evening.

Mr. and Mrs. Barney Snathers spent the week end with Mr. and Mrs. Everett Kiff.

Rev. Ralph Hill and Joseph Cuthbert attended the auction sale at C. C. Camp Evelyn near Munising on Monday.

Columbus Township Supervisor A. J. Mainville and Lakefield

Township Supervisor Raymond Schaefer attended the annual meeting of Luce County Supervisors in the Court House on Monday.

Mr. and Mrs. John Hoder of Detroit arrived Saturday to spend some time at the home of Mr. and Mrs. Peter McInnes.

Mrs. Lyle Painter entertained Monday afternoon for her son Jimmy, the occasion being his sixth birthday anniversary. Games were played after which lunch was served. Jimmy's guests were: Diane and Delores Kooz, Linda Weekley, Billy Tucker, Keith Harkness, David McInnes, Billy Priess, Sonny Snyder, Mary Lee Hanger, Melvin Ney, Johnnie Skinner, and Laurel Painter. Mrs. Guy Ney assisted Mrs. Painter.

Mr. and Mrs. Perry Mark and Mr. and Mrs. Everett Kiff spent Monday and Tuesday in the Sault. Mr. and Mrs. J. J. Skinner left Monday for Manistee to visit Mrs. Skinner's sister, Mrs. Esther L. Hulbert.

Ted Ravas, who was the guest of Mr. and Mrs. Junior Painter returned to his home in Detroit Saturday evening.

Mrs. Sam Zimmerman and daughter, Kathryn, Mrs. Nels Maddox and daughter, Barbara, were Newberry callers Tuesday.

Hercules Bowler of Lakefield was a business caller in town Tuesday.

Mr. and Mrs. Junior Painter visited Mr. and Mrs. James Painter in Curtis Saturday evening.

Mr. and Mrs. Tauno Ruona of the Sault, and Mr. and Mrs. Kaunisto of Rudyard were guests of Mr. and Mrs. John Skinner Monday evening.

Mrs. Margaret Newborough, Ezra and Ernest Graff left for their homes in Detroit Sunday after closing Manikiki Lodge for the season.

Pvt. Edgar Losey is home on a furlough before being sent overseas.

Mr. and Mrs. Junior Painter visited their granddaughter, Mrs. Martin Harju in Newberry Tuesday.

Elton Greenfield was a visitor in Newberry Monday.

## Air Bubbles In Concrete Found Raising Quality

Kansas City, Mo.—Now air bubbles are trapped in concrete to improve its quality, Charles E. Wuerpel, of the Army Waterways Experiment Station, Vicksburg, Miss., told the American Society of Civil Engineers here.

Air bubbles in concrete are purposely created by the addition of pine resins, animal or vegetable fats and oils, and other saponifiable matter to the cement or at the concrete mixer. The process is known as air-entrainment.

"Widely dispersed spherules of air in concrete," he continued, "will increase the resistance of the hardened mass to frost action and to chemical attack by salts used for de-icing pavements far beyond that achieved with non-entraining concrete."

Pavement concrete for highways has been treated in this way, and facts gathered now show concrete used in buildings and other structures can benefit from

the process.

These purposely-created bubbles, are explained as an additional aggregate, like sand, stone, gravel or slag, but they possess flexibility of shape. He stressed their advantage over rigid angular and sub-angular grains of sand or cement that can not accommodate other grains. The improvement in uniformity of bond completely offsets the possible slight reduction in bond strength, he argued.

## Briefly Told

**Three Tires Stolen**—Carl Olson of 912 Second avenue south, yesterday reported to police that three tires had been stolen from his automobile where it had been stored for several years in a garage at 314 South 11th street. The theft was believed to have occurred Saturday night.

**Speeder Pays Fine**—Leonard Sharkey of Gould City yesterday pleaded guilty in Justice Henry Ranguette's court to a charge of speeding 50 miles per hour on Sheridan road shortly before midnight Wednesday.

**Report Cards Issued**—The office of the principal at the Escanaba Senior high school has announced that term report cards will be issued to students today. Parents are asked to have them returned before Wednesday of next week.

**Junior High School**—At the end of the morning session yesterday, report cards were issued to students of the Escanaba Junior high school. Parents are asked to have them returned today.

Mr. and Mrs. Lawrence Ramile of Little Lake are the parents of a baby girl, born at St. Luke's hospital in Marquette, on October 16. Mrs. Ramile is the former Kathleen Gardine, niece of Mrs. Edith Beitzer of 319 S. 10th St.

## Seney

Seney, Mich. Frank Riordan arrived home Saturday from Washington where he has been employed.

Mrs. Betty Freidmaker and two children and Buster Johnson from Pontiac are visiting here at the home of their parents, Mr. and Mrs. Ralph Smithson.

Mr. and Mrs. Leslie Hunt and Mrs. Hunt Sr. have returned to their home at Detroit after visiting here at the home of Mrs. Isa Van Sickle.

Bert Furst is attending a meeting of the Board of Supervisors at Manistique this week.

Mrs. Don McDonald and small son are visiting at the home of her parents, Mr. and Mrs. R. Smithson, while enroute from Pontiac to their home at Grand Marais.

Mrs. Milo Gonsler was called to Lansing last week by the serious illness of her daughter-in-law, Mrs. Harry Gonsler.

Little Rosemary Tull was taken to the Newberry Clinic Monday suffering from pneumonia.

Bert Furst and Albert Nelson were Manistique callers Tuesday.

The St. Louis Cardinals scored only one run after the fifth inning during the entire World Series of 1943.

## U. P. Musicians Meet Here Sunday

Officers or members representing Musicians Union (AFL) locals from the Upper Peninsula will gather in convention in Escanaba Sunday with the Escanaba Musicians Union as host, it was announced yesterday.

About 50 delegates are expected to attend representing locals in Marquette, Menominee, Iron Mountain, Stambaugh, Sault Ste. Marie, Escanaba, and with representation also from Oconto Falls and Windsor, Ont., Canada. The convention will open at 10 a. m. in the Sherman hotel, where a 12:30 o'clock dinner will be served.

W. B. Hooper, Elkhart, Ind., representative of the Musicians Union national office, will be the principal speaker. Purpose of the meeting is to promote better understanding among union musicians of the Upper Peninsula.

Officers of the Escanaba local, host to the meeting, are as follows: W. D. Ladouceur, president; Stafford J. LeDuc, vice president; Ray Richards, business agent; Chet Marrier, sergeant at arms; and W. Hinze, secretary-treasurer.

## Makes His Breath In Short Pants

Baltimore (AP)—Don Mehlitt, 44, was arrested by Patrolman John Reynolds on a disorderly conduct charge because he was attired in lemon colored beach shorts while strolling through the park. "If a woman can wear shorts in public so can a man," Merritt told Magistrate Henry B. Mann. The judge agreed, dismissed the case and told Merritt: "When you leave here, run home and the people will think you are practicing for a marathon."

Marquette Phillips has returned from a week end visit in Crystal Falls with her grandmother, Mrs. Arthur Robichaud.

Women live longer than men, according to insurance statistics.

MY FAMILY SAYS  
I NEVER BAKED  
BETTER—I'M USING  
BIG JO

## PEACH UPSIDE-DOWN CAKE

1 1/2 cup butter, melted  
1/2 cup brown sugar,  
firmly packed  
Dash salt  
No. 2 1/2 tin peach  
halves, well-  
drained  
1/4 cup Big Jo  
Flour

1 teaspoon baking  
powder  
1/2 teaspoon salt  
3 eggs, separated  
1/4 cup sugar  
1/4 cup water  
Few drops almond  
extract  
Tart red jelly

Melt butter in a 10-inch skillet. Remove from heat and stir in sugar and dash of salt. Arrange well-drained peach halves in syrup, hollow side down.

Sift flour, measure, and resift 3 times with baking powder and salt. Beat egg yolks with rotary beater until light and lemon colored. Gradually add 1/4 of the sugar and beat until light and fluffy. Add water and almond extract and mix well.

Add flour mixture gradually and stir lightly. Beat egg whites until almost stiff, then add remaining sugar and continue beating until mixture stands in peaks. Fold into batter lightly but thoroughly. Pour over peaches and syrup mixture which should be warm.

Bake in moderately hot oven (350°F.) for 30 to 35 minutes. Remove from oven and let stand in skillet on cake rack for 6 minutes. Turn out onto serving plate. Fill each peach cavity with jelly and serve immediately. Makes 6 to 8 servings.

The very finest flour anywhere today—that's our claim for Big Jo. It's made from the finest wheat procurable—milled and blended with the care and skill that have made Big Jo famous.

You'll get delicious white bread, wonderfully light and fluffy cakes, the tenderest pastry if you use this wonderful Big Jo Flour. Get a bag from your grocer tomorrow, and give your family baking they'll say is the best yet.

## Millet Johnson Is The Bride Of George Saiers

Roses, gladioli and white chrysanthemums banked the altar of Bethany Lutheran church for the ceremony on Oct. 12 which united in marriage Miss Millet Louise Johnson, 620 South 14th street, and George Frank Saiers of Lansing.

Preceding the ceremony, which was performed by the Rev. Gustav Lund, organ selections were played by Miss Ruth Glad, who accompanied the soloist, Britton Hall, as he sang "I Love You Truly," and "The Lord's Prayer."

For her wedding, the bride wore an aqua suit with brown accessories. Her corsage was of white and yellow chrysanthemums. She was attended by Miss Louise Flink, who wore a soldier blue suit, brown accessories, and pink chrysanthemums.

Marvin Johnson, the bride's brother, performed the duties of best man. The ushers were another brother, Albert Johnson, and Johannes Forsman, the bride's brother-in-law.

A wedding dinner was served at the Chicken Shack, where the table was centered with a tiered wedding cake decorated with a bride and groom. Flanked by white tapers. An afternoon reception was held at the home of the bride's sister and brother-in-law, Mr. and Mrs. J. A. Forsman.

Mr. and Mrs. Saiers will make their home in Lansing, at 527 South Pine street. The bride, before her marriage, was employed here in the office of Dr. D. H. Boyce.

Guests at the wedding included Mrs. Carl Ohman, Ferndale, Mich., Mrs. George Hewitt, Lansing, Mr. and Mrs. Albert Johnson of Neenah, Wis.

## Male Quartet To Open Town Hall Program Nov. 9

Escanaba Town Hall will open its series of programs here on Nov. 9 when the Chicago Philharmonic Male Quartet appears in a concert at the William W. Oliver Memorial auditorium beginning at 8:15.

The quartet will present a well-rounded program of music which includes spirituals and folk songs, as well as selections from the classics and popular tunes.

The Town Hall has scheduled five programs this year. In addition to the male quartet, numbers to be included are Cmdr. William McGovern, who will speak here on Jan. 13; Jean Dickenson, well-known radio soprano who appears here Feb. 20; and the Orpheus Choral club, which will present another of its popular concerts on April 29.

Concluding the season, the Chicago String Ensemble will return for another program of light classics. Appearing with them this year will be Miss Doriss Briggs, harpist. The ensemble, which is under the direction of Rudolph Feiers, was highly acclaimed for its performance here last spring, and is returning by popular request.

## Servis Sisters, Former Residents, Wed In Detroit

Mr. and Mrs. H. B. Dembski of Detroit announce the marriage of their two daughters, Miss Betty Jane Servis and Miss Anna Mae Servis, both former residents of this city. The Rev. Fr. Sabinski performed the ceremonies at the St. Epiphany church on Sept. 28.

Betty Jane Servis became the bride of Dale Daniel Hart of Muskegon Heights at a double ring ceremony which took place at 9:30 a. m. at the side altar of the church. For her wedding, the bride chose a light grey suit with pink and black accessories, and a corsage of pink rosebuds.

Mary DePiro, the maid of honor, wore a powder blue suit with black accessories, and a red rose corsage. Frank Smith served as best man.

A wedding breakfast was served at the Sea Food Grotto at 12:30 with 35 guests attending.

Because Earl Rowlette was delayed in his trip from Alabama, where he had been stationed with the U. S. Army, his marriage to Miss Anna Mae Servis took place by special permission at 6:30 p. m. before the main altar of the church at a double ring ceremony.

The bride wore a grey pin stripe suit with white accessories and a corsage of white carnations. Her twin sister, Ella Marie Servis, who was maid of honor, chose a blue gabardine suit with a corsage of pink roses. Douglas Anderson served as best man.

Mr. and Mrs. Dale Hart left for a motor trip through northern Michigan, and are making their home in Detroit.

Pvt. Earl Rowlette will report to Pittsburgh, Calif., for overseas duty, and his bride will reside in Detroit with her parents until he receives his discharge from the service.

Both brides attended St. Joseph and Escanaba high school. Betty was graduated here with the class of 1943, and Anna was graduated from Northwestern high school in Detroit with the class of 1946.

## Miss LaViolette, Dr. A. R. Giglia Exchange Vows

At an impressive autumn wedding which took place at St. Joseph church on Oct. 12, Miss Pearl A. LaViolette, daughter of Mr. and Mrs. Leo LaViolette, 401 South 11th street, became the bride of Dr. Anthony R. Giglia of Bellevue, Ky., son of Mr. and Mrs. Anthony R. Giglia, Sr. of Glen Jean, W. Va. American Beauty roses banked the altar for the ceremony, which was performed by the Rev. Fr. Alphonse.

The bride chose traditional white for her wedding gown, which had a satin bodice with illusion neckline, and tapering leg-o-mutton sleeves. The marquisette skirt extended in a long flowing train, and her full-length veil was gathered to a coronet of seed pearls. For her jewelry, the bride wore a single strand of oriental pearls, gift from the bridegroom. Gardenias and white roses, tied with satin streamers, formed her bouquet.

A gown of white net over blue was worn by Miss Gwenlyn LaViolette, who was her sister's only attendant. Her colonial bouquet was of white chrysanthemums and American Beauty roses.

Wearing the uniform of an army officer, the bridegroom approached the altar escorted by his brother, Dr. James Giglia, navy officer, who performed the duties of best

man. The guests were escorted to their seats by Dominic Giansanti and Ensign Robert Craig, USN.

For her daughter's wedding, Mrs. LaViolette wore a black dress with matching accessories, accented by a shoulder spray of pink carnations. Mrs. Giglia appeared in a grey print dress with black accessories, and also wore pink flowers.

Music of the nuptial mass was sung by the St. Joseph choir, with solos by Miss Doris Costley, Miss Katherine McCarthy, and Mrs. Robert Craig. At the offertory, Mrs. Donald Wolf sang the "Ave Maria." The traditional wedding marches were played by the organist, Miss Eva Cossette.

**Reception is Held**  
Following the ceremony, a wedding breakfast was served to 25 guests at the Sherman Hotel. In the afternoon, 150 guests attended a reception at the LaViolette home, where a buffet supper was served later. Mrs. Dominic Giansanti presided at the table, which was covered with a pure silk damask cloth which the bride had brought from Manila. Bouquets of American Beauty roses were effectively arranged on the table.

Dr. Giglia and his bride left later for an extended trip through the east, the bride choosing for her going-away costume an olive green gabardine suit with brown accessories and a corsage of white gardenias. They will make their home in Baltimore, Md.

Dr. Giglia was graduated from the University of West Virginia in 1939, and received his M.D. de-

## Births

Mr. and Mrs. Kermit Prey of Escanaba are the parents of a son, born Oct. 12 at St. Francis hospital. The child, who has been named Carey Dan, weighed nine pounds, four and one-half ounces at birth. Mrs. Prey is the former Alida LaBonte of Spalding.

The United States has 1456 women paperhangers.

Famous New York Food Editor

Margaret Follin Eicks

GIVES HER

Favorite Grapefruit Recipe

Grapefruit Chocolate Sauce

- 1 package semi-sweet chocolate bits
- 1 cup light syrup
- 1/2 cup grapefruit juice
- 1/4 cup raisins

Melt package of semi-sweet chocolate bits in the top of a double boiler. Add one cup syrup, one-half cup grapefruit juice and raisins. Bring to a roll boil over direct flame, stirring constantly, then cook over hot water again five minutes after mixture has boiled. Makes about two cups chocolate sauce. Try it on bread pudding and ice cream, or drizzle it over a dish of chilled grapefruit segments for a different fruit dessert.

Dale Swiland, recently returned from service in the army at Korea, will arrive soon at the home of his parents, Mr. and Mrs. Arne Swiland, 1113 First Avenue south.

Mr. and Mrs. George Goranson and daughter Patsy of McHenry, Ill., and Mr. and Mrs. A. T. Grant of Marquette, will arrive here today for the funeral services of Mrs. John Grant of this city.

Miss Lillian Petersen, 1906 First Avenue south, and Mrs. Leonard Stadel, 1002 Eighth Avenue south, will leave Sunday for Detroit where they will spend a two weeks vacation at the home of their brother, Doctor W. S. Petersen.

Mrs. Nick Christianson of Appleton, Wis., is visiting here at the home of relatives and friends.

Mrs. Clarence Ostberg has arrived here from St. Paul, Minn., for the funeral services of Mrs. John Grant, to be held this afternoon. She is visiting at the home of Mr. and Mrs. Walter Pearson, 316 South 15th street.

Pat Ahmel, 1412 South 12th street, Mary Miron, 211 First Avenue south, Lois Hermes, 223 North 15th street, and Helen Bink, 1019 First Avenue south, will leave tomorrow for Crystal Falls, where they will spend the weekend.

Mr. and Mrs. H. M. Allen, daughter Dolores and son James, 530 South 16th street, are leaving tomorrow for Arlington, Wis., where they will spend several days visiting with relatives and friends.

Marvin A. Johnson, son of Mr. and Mrs. Alfred J. Johnson, 924 South Tenth street, has arrived from the Chicago National College of Chiropractors, to spend the weekend at the home of his parents.

Mr. and Mrs. Peter Mikelson of Seattle are visitors at the home of Mr. and Mrs. Earl Peterson, Ford River Road.

Mrs. Wilfred LeDuc, 616 North 18th street, has returned from Milwaukee where she spent several

days visiting with Mrs. Frank Hullus, former resident of Escanaba.

Mrs. F. F. Douck, 1309 First Avenue north, returned recently from Oconto where she spent a week visiting with friends and relatives.

Joseph Trevels of Manistee, has returned to his home after visiting for two days at the home of Mr. and Mrs. Fred Walker, 1014 Sixth Avenue south.

Mrs. Lou Jenkins returned Wednesday evening from Milwaukee where she attended the Milwaukee Hair Dressers convention.

Mrs. George Houle has returned from Chicago, where she attended a reunion of the Lapine family and also visited Mr. and Mrs. Max Suttie and family. Accompanying Mrs. Houle to Escanaba was Mrs. Georgiana Lapine Remelard, who is on her way back to her home in Canada after taking part in the reunion. She will visit her aunt, Mrs. Amelia Gauthier and other relatives in Escanaba.

Mrs. George Remillard, formerly Georgie Lapine of Regina, Sask., Canada, is visiting with her sister, Mrs. Dave Lancoeur of Gulliver. This is the first meeting of the two sisters in 19 years. Enroute to her home she will visit with her aunt, Miss Amelia Gauthier, 322 S. 18th street, and other relatives.

Mrs. Joseph Lachapelle is the

### Legion Auxiliary Installs Officers At Rapid River

Rapid River, Mich.—At a recent meeting of the Walter W. Cole unit, No. 301, Ladies Auxiliary to the American Legion, the following new officers were installed by Gertrude Grandchamp, installing officer:

Mrs. Lydia Wils, president; Mrs. Elizabeth Barbo, first vice-president; Geraldine Durancieu, second vice-president; Phyllis Grandchamp, treasurer; Mrs. Edna Young, chaplain.

The following members were initiated: Millet Young, Dorothy Young, Carol Buckingham, Ruby Norden, Hilda Larson, Leone Young, Mildred Kniskern, Gertrude Hayes.

The Walter W. Cole unit was organized 25 years ago, and has taken an active part in the program outlined by the state and national organizations. At this meeting, two citizens were presented to the president, Mrs. Wils, for the membership enrollment for 1946. Following the meeting, games were played, and a chicken dinner was served.

**Briefs**

Mr. and Mrs. Glen Pangborn of Grand Rapids and Mrs. Wernhoff of California spent the week end with Mr. and Mrs. Jesse Jenkins. Ernest (Buddy) Laviolette arrived home Friday after receiving his discharge from the service at Fort Bragg, N. C. Enroute home, he visited relatives in Detroit.

A daughter was born Oct. 10 at St. Mary's hospital, Marquette to Mr. and Mrs. Ivan Wood, former resident of Rapid River. The baby has been named Mary Margaret.

Mrs. Mary Ripley, postmaster at Sault Ste. Marie, spent the week end at the Grandchamp home here after attending a postmaster convention at Manistique on Thursday and Friday.

Mr. and Mrs. Clare Mates and children, who have spent the summer in the Stromquist cabin, left Tuesday for Newcastle, Pa., for the pheasant hunting. They expect to return here for the deer hunting season.

### Rapid River

Rapid River, Mich.—Mr. and Mrs. Ed Tallierri of Menominee and Mr. and Mrs. Bill Saxton and daughter of Marinette were Sunday visitors at the C. E. Hamilton home.

Mrs. Blanch White of Detroit arrived and has taken up a temporary residence in the Mrs. Hal Beatty home where she and her mother, Mrs. Exilda Boyer are living.

George Noel, a former resident who makes his home with his son, Lee Noel and family at Wells, in company with Mrs. Lee Noel motored here Sunday Oct. 6 and called on old friends.

Albert Larson Sr. and sons James and Albert went to Milwaukee last week where they purchased some needed equipment for their pool room. Larson Brothers George, Albert and James are opening a pool room in the Demit building. The building is especially suited for a pool room. In the front is the room with show cases that was used by Mrs. Demit as her store and back of it is the large room in which will be the pool tables. Mrs. Demit is leaving soon for Hammond, Ind. to stay for a time with her granddaughter Mrs. Joe Kerekes and family.

Walter Albertsen of Richland, Wash., left Monday for his home after spending several days with his sister and brother-in-law, Mr. and Mrs. Peter Stenlund of Ensign.

**Short-Oberg Nuptials**

Rapid River, Mich.—Climaxing a romance of high school days was the marriage of Miss Clara Harriet Oberg, daughter of Mr. and Mrs. Dan Oberg, and Peter Kenneth Short, son of Mr. and Mrs. Sandy Short.

The double ring ceremony took place on Oct. 12 at Our Lady of the Rosary church in Detroit, the Rev. Christopher Leahy officiating. White light and yellow chrysanthemums decorated the side altar of the church, where the couple spoke their vows.

The bride, who was attended by her sister, approached the altar escorted by her brother, Roger Oberg who gave her in marriage. Owen Short, the bridegroom's brother, served as best man.

The bride wore a powder blue suit with black accessories, and a corsage of pink carnations. Her sister, Helen Oberg, wore a dusty pink suit, brown accessories, and a corsage of white gardenias.

Owing to the critical illness of the bride's father, her parents were unable to attend the ceremony. Mrs. Short, mother of the bridegroom, wore a black crepe suit, with a corsage of yellow chrysanthemums and talisman roses.

Following the ceremony, fifty members of the families and close friends attended a reception which was held at the apartment of the bride and her sister at 121 West Euclid, Detroit. Decorations were of white, accented by bouquets of seasonal flowers set in blue bowls. The bride cut the three-tiered wedding cake, which was decorated with the traditional figurine.

Both Mr. Short and his bride are graduates of Rapid River high school. He received his discharge from the service this year after serving as a sergeant in the 81st field artillery for four years, two of which were spent in the Pacific area. The bride has been employed in Detroit by the American Chain and Cable company.

Out-of-town guests at the wedding included Mrs. Sandy Short, of Rapid River; Owen Short, of East Lansing; Mr. and Mrs. Roger Oberg, Mr. and Mrs. Donna Sherwood, Mr. and Mrs. Glen Sherwood of Oxford, Mich.; and Philip of Lafayette, Ind.

Before her marriage, the bride was honored at several parties arranged by friends.

Leader, B. Y. P. U. President.

Musical Talent from Bethel Junior College.  
Guest Speaker, Prof. C. E. Carlson, "The Light of Life."

**Sunday**  
10:00 a. m.—

**CARD OF THANKS**  
We wish to express our heartfelt thanks for the kindness and sympathy extended to us by friends and relatives at the time of our recent bereavement, the death of our beloved son and brother, Clifford. Particularly are we grateful to those who sent spiritual or floral bouquets, offered autos for the services, to pupils, teachers and his classmates of the Perkins school, to Father Coignard for his consoling words and assistance, and to all others who by word or deed aided us at this time. The memory of these kind acts will always remain with us.

Signed:  
Mr. and Mrs. William Mosier and Family.

## Obituary

**MRS. JOHN B. SWAN**

Funeral services for Mrs. John B. Swan, respected Gladstone resident, were conducted yesterday afternoon at the Kelley Funeral Home by the Rev. Glenn Kjellberg and Elder Rex Stowe.

During the rites "Face to Face" and "Beautiful Isle of Somewhere" were sung by Noble Swenson accompanied by Mrs. Edward Olson Jr.

Bearing the body to its final resting place in the family plot in Fernwood cemetery were Elmer Beaudry, William Nelson, Walter Erickson, John E. Johnson, John Pettit and Paisley Miller.

Flowers were in charge of Mrs. James Damitz, Mrs. Walter Tang and Ruth Estenson.

Attending the rites from out of town were Mr. and Mrs. Lawrence Swan and son, Joseph, of Detroit, Mr. and Mrs. John Swan Jr., of VanDyke, Mich., Mr. and Mrs. Kirk Swan of Chicago, Miss Mildred Campbell of Chicago and Miss Margaret Hedberg of Sault Ste. Marie, Mich.

**MAUREEN DAHN**

Funeral services for Maureen Dahn, 9, daughter of Mr. and Mrs. Otto Dahn, Brampton, are to be held this afternoon at 2 o'clock in the First Lutheran church, the Rev. Clifford Peterson officiating. The body is resting at the Roy King home, 424 Dakota avenue. The Kelley Funeral Home is directing.

**GEORGE CARTWRIGHT**

The remains of George Cartwright, Shelby, Mich., formerly of Gladstone, will arrive here Saturday afternoon and will be taken to the Kelley Funeral Home where funeral services are to be held at 2:30 o'clock. Burial will be in Fernwood cemetery.

## FATALLY HURT IN SAWMILL

Brother Of Local Man Is  
Buried Wednesday  
At Milwaukee

Harry Ketchum, 50, brother of Lloyd Ketchum, city, was killed in a sawmill accident at Morton, Wash., on October 9, according to word received here.

The body was brought to Milwaukee where funeral services and burial were held Wednesday. Mr. and Mrs. Ketchum and son, Bill, attended the services.

Harry Ketchum was born Sept. 7, 1896 at Pond, Wis., and lived at Tippler, Wis., until 6 years ago when he moved to Morton, Wash. He is a veteran of World War I, having served in the Navy.

He is survived by his wife and 7 children.

Funeral services were held at the Pixley funeral home in Milwaukee, on Wednesday morning at 10 p. m. The services were conducted by his brother, Rev. Lisle Ketchum, of Sault Ste. Marie, Mich. Veterans of Foreign Wars took over after services of Rev. Ketchum and conducted from there on. He served in the U. S. Navy during the first World War.

## Briefly Told

**Brownie Troop No. 3**—A meeting of Brownie Troop No. 3 will be held today at the Kindergarten at 3:45 o'clock. Mrs. Lorraine Murphy is the troop leader. The following officers were elected at the last meeting: President—Mary Jo Bolger; Vice Pres.—Carol Ann Mackie; Secretary—Nancy Alice Cameron; Treas.—Nancy Kjellberg.

**Girl Scout Troop 9**—A meeting of Girl Scout Troop No. 9 will be held today at the junior high school stage at 3:30 o'clock. Mrs. Clyde McGonagle is the leader.

## City Briefs

Mr. and Mrs. Paul Cole and sons, Paulie and Jimmie and Mrs. Henry Cole visited Monday in Munising with Mrs. Philip Van Landschoot, former Gladstone resident.

Mrs. James Anderson, son Orville, his wife and daughter, Sharon, have returned to their home in Sault Ste. Marie, Mich., after spending the week-end visiting with the W. J. Moores', H. J. Millers' and Mrs. Lucy Collins.

Mrs. Lloyd Ketchum is expected to return today from Milwaukee, where she attended the funeral services of her brother-in-law.

## SCOUTS GO TO PARK TONIGHT

Between 35-40 To Enjoy  
Outing At Wells  
Park

Between 35 and 40 Gladstone Boy Scouts are expected to attend an overnight outing at Wells Park in Menominee county tonight.

They will leave from the State Police Post at 4:15 o'clock this afternoon. Transportation will be furnished. The return to Gladstone will be made late Saturday.

Scouts will bring their own bedding and food. They will be housed in cottages at the park.

Among Scoutmasters attending will be Mason Meyer, Harold Mackie, Pat Lapine, Bob Hupy, Harold Sjoquist and Jim Stoker.

The outing was arranged by Trooper Mason Meyer, Scoutmaster of Troop 456.

**ATTEND GOLDEN ANNIVERSARY**—Church founders, former pastors and present day church workers are pictured above on the steps of the Munising Methodist church following Sunday morning's special service commemorating the Golden anniversary of the founding of the local church. Those in the pic-

ture include: Founders: Oscar E. Oie, O. R. Tredway, Mr. and Mrs. George Baldwin, Sr.; former pastors and wives, Rev. and Mrs. James Roberts and Rev. and Mrs. Knute O. Savaried; present pastor Rev. Einar Soderberg, and present workers in the church: Carl Harthen and Mr. and Mrs. George Baldwin, Jr.

COWELL BLDG. **MUNISING** PHONE 162

### Tourist Clinic To Be Held Here Each Tuesday Evening

Munising—A tourist "clinic" is to be held each Tuesday evening, for five successive weeks, at the meeting room of the Munising fire hall, it was announced yesterday by Lewis J. Merwin, secretary of the Munising Chamber of Commerce.

This "clinic" is for resort operators, restaurant and hotel proprietors, service station operators, cabin owners and any other persons catering to the tourist business. Mr. Merwin said. Purpose of the clinic is to discuss the past tourist season, find out the good and bad points encountered and talk over and determine a proper solution for the next season, he said.

The meeting will begin each Tuesday at 7:30 o'clock. Most of the talks will be conducted informally with guest speakers from the Michigan Tourist Council present at each session for suggestions and advice. Arrangements for these guest speakers are being made by J. M. Gustafson of Northern Michigan College of Education, Marquette.

The general subject for the series will be "The Ideal Resort Community." Such questions as: How does Munising meet the ideal conditions? "What should be done to more closely approach the ideal conditions?" "What are some of the problems involved?" and "What more must we offer?" will be considered for discussion, and any other topic troubling the tourist caterer, Mr. Merwin said.

### City Fathers Asked To Consider \$3,000 For Munising C of C

Munising.—Vernon A. Florida, representing the Munising Chamber of Commerce, appeared before the Munising city commission on Wednesday evening and requested the sum of \$3,000 for the local organization be considered when the city fathers set up the budget for 1947. The commissioners informed the Chamber of Commerce representative the request would be given consideration at the council's next meeting when they further study the appropriations for the coming year.

Bids for a new tractor were opened and after a short discussion, the council decided to delay action on the proposals until they would have opportunity to see the machines advertised demonstrated under actual working conditions.

The budget for the coming year was set at \$62,000.00 and it was decided public hearing will be held on the proposed budget on Friday, November 1, at 7:30 p. m. If there are no objections at the hearing, the budget set will become official.

### Methodist Men's Club To Conduct Special Service

Munising—Special services to be conducted by the Men's Club will be held at the First Methodist church, Sunday, October 20, it was announced yesterday by Rev. Einar Soderberg, pastor.

Norman Osland will be in charge of the service and will give a talk on "Stewardship." Special musical numbers will be on the program. This service is being conducted in the absence of the pastor who is attending a meeting at Jackson the latter part of this week.

To Rent or Sell use the Classified Ads.

### Scouts Of Troop 337 Elect Scribe And Patrol Leader

Munising.—Brook Strom was elected scribe of Troop 337 of the Boy Scouts of America at a meeting held Tuesday evening. James Sowa, who recently passed his tenderfoot tests, was made patrol leader. Troop 337 elected Edward Vertz to the post of assistant patrol leader a few weeks ago.

Scouts of the troop who have learned the Scout Oath are: Clyde Doucette, John Patsos, Brook Strom, Ronald Beauchine, Keith Morin, Ed Vertz and James Sowa.

The following boys are members of the troop sponsored by the Munising Council of Knights of Columbus: James Sowa, Edward Vertz, Keith Morin, Ronald Beauchine, Brook Strom, Bill MacKenzie, Clarence Beaudry, Lee Colbus, George Sturgeon, Glen Radloff, Robert Sharkey, Chuck Goss, Thomas Cartwright, James Chewinski, Terry Malone, Clyde Doucette, D. J. Lincoln, John Patsos, Dennis Campbell and James Warren.

#### MUNISING BRIEFS

Rev. and Mrs. K. O. Savaried, who have been vacationing at their camp at Au Train, and who attended the Golden Anniversary of the founding of the Munising First Methodist church held last weekend, have left for the home in Cheboygan, Mich., where Rev. Savaried is now pastor of the Methodist church. He is a former pastor of the Munising Methodist church.

Clifford and Evelyn Ebbeson and Rev. Einar Soderberg left for Detroit Thursday morning where the Ebbesons will visit at the home of their sister and brother-in-law, Mr. and Mrs. George Tomlinac. Rev. Soderberg will go from Detroit to Jackson, Mich., where he will attend a church meeting on Saturday.

Mrs. John I. Keeton will also be in the pleasant hunting party going to Mitchell, S. Dakota, mentioned in Thursday's Daily Press. Other members are Mr. Keeton, his brother, Charles of Ironwood and their sister, Mrs. F. A. Mohls of Albuquerque, N. M. They plan to return to Munising in about a week or ten days.

Mrs. W. B. Johnson left yesterday for Chicago where she will visit for several days, with her daughter, Mrs. M. L. Erlandson, formerly of Munising.

#### ANNOUNCE ENGAGEMENT

Munising.—Prosecuting Attorney and Mrs. Richard E. O'Brien of 113½ Elm Ave., Munising, announce the engagement of their daughter, Elaine, to Andrew Vernon Olli, son of Mr. Olli of Grand Marais, Mich. The wedding will take place in June, 1947.

#### FIRE CALL

Munising.—The Munising volunteer fire department was called out Thursday morning at 10:10 o'clock to the Charles Savoie residence, Island View location, to extinguish a small blaze when matches ignited in a drawer of the kitchen table. There was no damage reported.

### Sheep May Obtain Dehydrated Spuds

Fargo, N. D.—Dehydrated potatoes that didn't make much of a hit with many G.I.s during the war may be used as a substitute for corn in feeding sheep.

The moisture-removed spuds being fed sheep in tests at the North Dakota Agricultural College Experiment Station are low-grade potatoes that the industry has trouble disposing of profitably. Results of the experimental feeding last spring indicate that potatoes are 73 per cent as effective as a corn diet, but with additional protein and minerals, the dehydrated product can be used as a substitute for corn.

### Tips for Farmers

Whether your home is on the farm or in the city, J. L. Heirman, county agricultural agent, believes there is something you can do to make it more comfortable this winter.

Weatherproofing of homes in Michigan not only saves fuel, but it makes living more comfortable. Most new houses are weather-proofed when constructed, but many old houses waste heat at an alarming rate. This waste is principally through cracks around doors and windows and through ceilings and roofs.

The county agricultural agent says figures compiled by the department of agricultural engineering at Michigan State College show that 44 per cent of the heat in a house not weatherproofed is lost through or around windows. This can be eliminated in the most part by weatherstripping or storm windows or both. Tight fitting storm windows eliminate most loss.

Weatherstripping of doors is also very important. An average door with one-sixteenth of an inch crack completely around it, allows as much air enter as a hole 3 1/4 inches in the wall.

Loss of heat through the attic is also great, the county agent said. Insulation can be of several types and will be effective if the thickness is about 3 to 4 inches.

Persons interested in weatherstripping may obtain an interesting and helpful bulletin prepared by engineers at Michigan State College. County Agent J. L. Heirman says extension bulletin 272, "Weatherstripping Michigan Homes," is available without charge at the county extension office.

### Alger General Fund Will Get Fees For Deeds, Mortgages

Munising.—All fees collected for recording deeds, mortgages and discharges of mortgages by Alger county offices, are to be credited to the general fund. It was decided by the Alger county board of supervisors at their meeting this week.

It has been the policy to retain fees for such services by each department but they will now go towards the general fund. The departments include the county clerk, register of deeds, treasurer, judge of probate and sheriff's office.

A resolution was also passed that the sum of \$65,991.42 be raised on the taxable property of Alger county for 1946. The sum of \$51,375 is needed for the general fund; \$5,700 for the state institutional debt fund; and \$8,916.42 for the county social welfare fund. Township apportionment of this sum of \$65,991.42 was announced as follows:

Au Train	\$ 5,445.40
Burt	12,317.38
Grand Island	2,562.69
Limestone	2,010.53
Mathias	2,990.75
Munising	4,622.76
Onota	3,736.43
Rock River	4,882.06
City of Munising	27,403.42
<b>Total</b>	<b>\$65,991.42</b>

### Interested Group Studies Cub Pack And Its Function

Munising.—Fourteen parents are taking the three session course at the Methodist church given for parents of children 9-12 years old who are interested in their boys becoming cub scouts. This group is being sponsored by the Men's club of the church.

Harry Seimer, scout executive from Marquette is giving the course, the second of the series being held at the church Wednesday evening.

It was explained that the point of view of a cub in the home is studied at the first meeting of the parents, then the cub in a den (a group of boys in a neighborhood who meet once a week) and the third week the cub in a pack is studied, and an organization of the group is made.

At the organization meeting a den dad and den mother, are picked. They will attend the meetings of the cub scouts once a week along with the denner, who is a full fledged scout assigned to the group of young boys. A pack meeting is held once a month when all cub dens join in a city-wide meeting under the leadership of the cub master.

Parents taking the three-session course at the First Methodist church are: Mr. and Mrs. Kenneth Bakkum, Mr. and Mrs. Wilford Depew, Mr. and Mrs. Ronald Carmody, Mr. and Mrs. Nick Booth, Mr. and Mrs. Donlin Leiphart, Mr. and Mrs. R. W. Nebel and Mr. and Mrs. Alton Delbert.

There are said to be 2000 cases of Leprosy in the United States.

contract price. Wood, said the furniture is from a surplus supply contracted for by the U. S. government during the war to be used in nurseries throughout the country which were run by the government. The nurseries were set up at factories where mothers worked, so they could leave their children during the working hours.

The furniture came to Munising still in the original packing from the manufacturers, the contract having been cancelled as of a certain date leaving the surplus materials which the government had to dispose of.

### PLAN RESORT TRADE CLINIC

The first of a series of four meetings designed for improvement in handling of tourist and resort business in the area will be held in Manistique on Thursday, October 24.

Sponsored by the Northern Michigan College of Education at Marquette, and conducted by an expert, every important phase of the business will be elaborated on in one of the four meetings.

Among the subjects to be discussed are: "What are the Requirements of a Good Resort Community?"

Which is subdivided to take in health and sanitation; recreational activities, living accommodations, good eating, travel facilities, business establishments, attitude of local population, good advertising "A Picture of This Community as a Resort Area," emphasizing facilities afforded to conform with requirements of the vacationing public.

"What Must be Done to Make This an Ideal Resort Community?"

"What are the Local Tourist Problems?"

Members of the Chamber of Commerce, city officials, people who are in the resort and tourist cabin business and all those directly or indirectly interested in the promotion of tourist trade are invited to attend these meetings.

The time and place for holding these meetings will be announced later.

### Program For Potato Show Is Completed

Plans for the Third Annual Schoolcraft County Potato Show have been completed and everything is in readiness to hold the show on October 23. Potato exhibits will be set up in the Manistique Light Store on the morning of the 23rd. The samples will be judged by Layton Nelson, crops specialist of Michigan State College. The exhibits can be viewed by the public during the afternoon of the same day. A potato grading contest will also be held during the afternoon.

Highlighting the evening program will be a banquet at the new high school gym with J. G. Hays these meetings will be announced later.

of Michigan State College as the banquet speaker. Mr. Hays is known throughout the state as an after-dinner speaker.

Announcement of winners in the growers contest and winners of the show samples will also be made at the banquet. The 4-H club member winning the 4-H growers contest will again be awarded a trophy the same as last year when the 4-H growers contest was first started.

The banquet program will be concluded by the announcement of the Schoolcraft county potato queen. The queen will be chosen from a number of candidates from the various townships in the county. The girl chosen as Schoolcraft county potato queen will represent the county at the U. P. Potato Show held in Iron River the following week.

PHONE 155  
DAILY PRESS BLDG.  
111 Cedar StreetAdult Classes  
Will Begin At  
H. S. Nov. 5

Adult education classes at Manistique high school are scheduled to start on Tuesday, November 5, Supt. A. F. Hall announces.

On the basis of the interests of past years the following courses are to be offered:

Furniture repair and wood-working, typewriting, French, bookkeeping, and sewing.

Other courses will be offered if there is a sufficient call for them. A membership of eight is required to operate a class.

The schedule of classes is tentatively as follows:

Furniture repair and wood-working, French, and sewing—Tuesdays, 7:30 to 9:30. Typewriting and bookkeeping, Tuesdays and Thursdays, 7:30 to 9:30.

The courses will run for eight weeks but any course may be extended for a second term if the interest warrants.

Persons interested in any course may sign up at the general office in the high school building or by calling telephone No. 105 and indicating the course, or courses, they wish to take.

A tuition fee of \$1 will be charged for the two hour a week courses and \$2 for the four hour a week courses.

Motorist Crashes  
Into New Dodge

A 1946 Dodge sedan, belonging to William Houck, of Gould City, was damaged to a degree not as yet fully determined when it was hit by a 1932 Ford driven by Don Dixon of Manistique Wednesday night.

The Houck car was parked near Hotel Ossa when the mishap occurred and was unoccupied.

Dixon was placed under arrest by members of the state police and when brought before Judge W. G. Stephens the next morning pleaded guilty to a charge of driving while in an intoxicated condition. He was sentenced to pay a fine of \$50 and costs.

Could They Have  
Been Everbearing  
Berries She Found?

Mrs. Ray Besner has raised the question as to there being an everbearing species of wild strawberries. She states that last Sunday while out in a wooded area in the Thompson vicinity, she came upon an unusual sight—several strawberry blossoms and a couple of berries.

She states that she didn't find any more than this tiny patch. In fact, she was out for cranberries and says she was able to gather a quart of them.

## City Briefs

Alton Markham and Cecilia Pavielski, left yesterday for Battle Creek where they will make an extended visit with friends.

Mr. and Mrs. E. J. Keirns and sons, Wendell and Don, returned yesterday to their home in Bloomington, Ohio after visiting here for a week with Rev. and Mrs. William Harvey.

Mr. and Mrs. Ike Fletcher have returned to their home in Rhineland, Wis., following a visit here at the home of Mr. and Mrs. Nick Stoken. Mrs. Fletcher is a sister of Mrs. Stoken.

Andrew Nelson, accompanied by his son, Vern, who has been pheasant hunting in South Dakota and is expected here this week, are leaving Sunday for Detroit and Flint. Mr. Nelson will visit with his son, Palmer, in Detroit.

LeRoy Fox is seriously ill at the Shaw hospital. No visitors are allowed.

Mr. and Mrs. Francis Stoken are the parents of a son, born October 9 at the Shaw hospital. The baby, who has been named Nickie Joe, weighed six pounds and twelve ounces.

Mr. and Mrs. Floyd Manor and Raymond Henry of Detroit are visiting here with their parents, Mr. and Mrs. Joseph Henry, State Road.

Cpl. Robert Henry has arrived here from New Jersey to spend a short furlough with his wife and other relatives.

Ray Prime is a patient at the Shaw hospital.

# Stadium At Michigan State To Be Enlarged To Seat 52,000 Fans

## SPARTANS BOOK IRISH FOR 1948

Macklin Field Building Project To Cost Over \$1,500,000

BY DICK FRAZIER  
East Lansing, Oct. 17. (P)—Michigan State College football, long seeking a role on the national gridiron stage, was given a cue today with the announcement that the Spartan stadium will be enlarged to seat 52,000 fans and that football relations with Notre Dame will be resumed in 1948.

Athletic Director Young made the announcement of the resumption of the football series between two of the midwest's strongest non-conference schools at the same time that the state board of agriculture, M. S. C. governing body, announced that the stadium, which now seats only 23,000, will be enlarged into a combination stadium-dormitory seating 52,000 fans and housing 900 men students.

The Spartans will meet the Fighting Irish in enlarged Macklin Stadium sometime during the 1948 season and will return the visit to South Bend the next year. Michigan State and Notre Dame last met here in 1921, the Irish scoring a 48-0 victory. The Spartans won only two games in the 15-game series begun in 1897—by a 17-0 score in 1910 and by a 13-7 count in 1918.

Enrollment Takes Jump  
The two schools have not met in football in recent years but have always maintained relations in other sports. Their teams met in basketball, baseball, track, tennis and golf last year.

Both Young and President John A. Hannah declined to comment as to whether plans to enlarge the stadium were made in an effort to obtain Western Conference membership for M. S. C. The Spartans applied for Big Nine membership last spring but were turned down when the conference decided to continue with only nine schools.

"We're expanding our stadium merely to accommodate our increased student enrollment and to promote interest in Michigan State College football," Young declared. The school's enrollment has jumped from about 8,000 to 13,000 in the last four months and prospects now are for a student body of nearly 17,000 by next spring. The stadium-dormitory, which will cost in excess of \$1,500,000, will be completed by the beginning of the 1948 season. It will be financed on a self-liquidating basis.

Preliminary drafts of the structure call for the present east and west stands to be extended and double-decked to provide an additional 17,500 seats. The south stands will be extended to the height of the present east and west stands and will include 9,500 more seats.

The new stadium elevation will provide five floors of dormitory rooms in addition to space for kitchen, laundry and other housing facilities.

## Harmon's Running Perks Rams' Hopes

Los Angeles, Oct. 17. (P)—Old number 98, Tom Harmon of Michigan, is flashing up and down the gridiron again, and the Los Angeles Rams feel he may make good in their bid to retain the National football league championship.

After Harmon's running in the 28-28 tie with the Chicago Bears, the Rams are hepped up to meet the Detroit Lions here Sunday, confident of starting a victory string leading to another title.

But great as Harmon's performance has been for the Rams' team morale, it is more noteworthy as a personal vindication for the former Wolverine All-American himself.

Harmon's 88-yard touchdown run against Green Bay and 14-yard dash against the Bears stopped the dirge-tolling bellringers in mid-bong.

The management of the rival All-American Dons, among others, sneered "washed up," even before Harmon's disheartening performance in early season games with the college all-stars and the Philadelphia Eagles. Some critics suspected Harmon, who is married to actress Elayne Knox, of "going Hollywood."

A series of injuries to war-weakened muscles made this 27-year-old's comeback attempt appear an almost certain flop.

After the all-star game in Chicago, Harmon said: "I'm going back there some day and show 'em I can still play football."

## GOLD MINING LOSES GLAMOR

Giant Robots Elbowing Out Colorful Sourdoughs

BY JOHN KAMPS

Helena, Mont.—Machines have deglamorized gold mining. Some 85 years ago a prospector brought a mule, pack, grub, pickaxe, pan and plug of tobacco—and took off into the mountains. When he made a strike, hundreds joined him, hacked gold out of the hills and washed it out of the streams.

It's different now. Geologists find and test gold-bearing gravel, and determine exactly how much precious metal it contains. A company builds a half-million-dollar dredge, loads it on several rail-way cars, ships it to the "strike" and sets it up on a small, man-made lake. A man pulls levers and the machine washes and sifts the gold, on a mechanical, 24-hour basis.

A number of these giant dredges overlooked or abandoned by miners during the bonanzas of the 1890's. One, operated by Winston Brothers of Minneapolis, has been working historic Prickly Pear gulch near Helena since 1939.

The Winston dredge floats on the water of tiny Prickly Pear creek. It is powered by electricity. It's tremendous machine, of steel superstructure, which floats on a pontoon-type steel hull that is roughly 100 feet long and 50 feet wide, and it weighs more than 600 tons.

86 Moving Buckets  
The dredge has a continuously moving line of 86 steel buckets which dip 25 to 45 feet below the water level into gravel and sand. Each bucket brings six to eight cubic feet of material. It takes about 360 horsepower to keep the ponderous bucket chain moving.

Occasionally, when a bucket strikes a boulder, the dredge bucks like a rodeo cayuse, despite two 13-ton anchor spuds driven deep into bed rock beneath the creek.

A dredgemaster directs the digging with levers. The buckets dump automatically and the gravel and sand hit the first separation process in a circular compartment, under heavy streams of water. Rocks and gravel are carried out

## HOUSTON FETES DAPPER EDDIE

Hometown Plans Snazzy Testimonial Dinner For Card Player

Houston, Tex., Oct. 17. (P)—Smiling, dapper Eddie Dyer, "the lefthander who thinks right," came home today to find Houston in as big a dither as St. Louis where he had just finished leading the Cardinals to the world's baseball championship.

But it was no more than expected. In his home town he never made anything but a success of any not in the big leagues? No special celebration was held upon Eddie's arrival today but it was just the calm before the storm. They're going to give him the all-dressed testimonial dinner Houston ever saw. They'll plan it tomorrow when the Chamber of Commerce Athletic committee, of which Dyer is a long-time member, gets together.

Dyer arrived in Houston at 2 p. m. (CST) to be greeted by a group of personal friends and to face a long list of parties and receptions in addition to the testimonial dinner.

"To heck with baseball—how do the Rice Owls look?" was his remark upon arrival.

He had nothing but praise for the hustle of his Cardinals who came back time and again to win the National league pennant and then beat the Boston Red Sox in the world series, after rating as the decided underdogs.

Natural gas is made up of four gases: methane, ethane, propane, and butane.

on a belt and the finer stuff is retained.

Water ruffles perform the next process and then the black gold-bearing sand goes into eight two-cell placer jigs which bounce and sift out the precious metal.

The process eventually is finished in a small cylinder—the amalgamating barrel. Mercury feeds into the barrel to attract the gold. The payoff looks like a ball of lead foil. That is placed in a retort which extracts the mercury and leaves a goldbrick for shipment to the Denver mint.

Occasionally a sapphire turns up. One Montana dredge was permitted to keep working during the war, mining commercial sapphires for technical instruments.

The Winston dredge has plowed through miles of Prickly Pear gulch. The machine has buried topsoil and piled up gravel along the valley—in meadows owned by a rancher, who receives royalty on every ounce of gold that goes through the mill.

\$1,000 a Day Minimum  
A dredge runs through 4,000 to 6,000 cubic yards of gravel every 24 hours. Operators say each yard must yield about 20 cents worth of gold to pay expenses and provide a profit. That figures about \$1,000 a day gross, and it would seem that almost any royalty on such a sum would rent a lot of pasture-land.

Sporadically, some one introduces a bill in the state legislature to require dredgers to level and cover with soil the leavings of their profitable labors. But mining interests have successfully fought such legislation in the name of development and industry.

So the machines grind on, and the goldbricks flow steadily to the mint.

## Did MacPhail Err In Passing Up John Neun?

BY HARRY GRAYSON  
New York, (NEA).—On his own in Cincinnati, John Henry Neun easily could turn out to be exactly what Larry MacPhail is seeking.

Johnny Neun's appointment as manager of the Reds while temporarily leading the Yankees is conclusive evidence that the old New York American League system has been broken up.

President MacPhail, deifying Neun the right to the head job at the Stadium can't be encouraging to others working their way up in the chain.

When he felt that his best playing days were behind him in 1934, Neun, a playing coach with Newark, took a sizable cut in salary to pilot the Yankee subsidiary in the Mid-Atlantic League, became a career manager willing to attempt to get there the hard way.

It was his success in the minors, where he spent nine years managing Akron, Norfolk, Newark and Kansas City, prior to being named a Yankee coach in 1944, that earned Neun the call in the Rhineland, yet obviously MacPhail decided he wasn't the man when the big opportunity presented itself in the Bronx.

Round-faced Johnny Neun was the Yankee nominee of more than one New York sports writer. Neun, chiefly renowned as the only major league first baseman to make an unassisted triple play, is a sound baseball man, a hard worker and stickler for details and a great hand with youngsters.

Well liked by ballplayers, highly intelligent and very frank, Neun is not entirely lacking in the color demanded by MacPhail.

## The Sports Parade

By Ken Gunderson

Acc ball carrier for Iron Mountain's giant killers who knocked off Mesquima, 7 to 6 last Saturday is Gingsra, halfback, who personally toted the ball most of the way in the 55 yard touchdown drive that beat the Maroons. He also does much of his team's passing. The Mountaineers' greatest asset, however, is their powerful line, cemented around Ludwig, undoubtedly the peninsula's outstanding center, a former all U. P. pivot man back in action after an army discharge. Ludwig has shown brightly in every Iron Mountain game this season, even when the remainder of the Mountaineer team looked waterlogged against Norway and Stambaugh.

If the Eskymos have shaken off the plague of fumbles that were so disastrous in the early games, they will be a formidable match for the Mountaineers. The boys were more relaxed against Kingsford with the result that the Flivvers were doing the fumbling, not the Eskymos. This will be the toughest test to date of the Escanaba offensive power because the Mountaineers are noted more for their defensive strength than for offensive punch. They are all ball hawks, too, and if the Eskymos start tossing the ball away, they can be sure that the Mountaineers will pounce on it.

It is extremely rare for the Eskymos to be blanked on their home gridiron. In fact, it has been accomplished only twice in the past 10 years. Two years ago Iron Mountain and Escanaba played a scoreless tie at Escanaba and in 1942, Kingsford defeated Escanaba, 7 to 0, at the Escanaba athletic field. The Eskymos will need more than one touchdown to defeat Iron Mountain Saturday, however. The oulga board says that Escanaba will defeat Iron Mountain, 13 to 7.

Gladstone meets its toughest opponent to date Saturday at Ishpeming, but the Hematites have not yet run up against a line as tight as the Braves. Gladstone will cop this one by a two touchdown margin or more. Let's make it 13-0. St. Joseph gets a chance to exercise its fast developing offensive Saturday at Crystal Falls and should win rather handily. From this corner it looks like: St. Joseph 25, Crystal Falls 0.

The top game of the week is Ironwood at Menominee tonight, the Maroons dedicating their new lighting system. The Red Devils are in for a bad night as the Maroons bounce back to take the one 19-7. Stambaugh has too much for Kingsford in another night game, the Hilltoppers completing an undefeated season with a 20-0 victory. Manistique is due for a rough afternoon at Soo Saturday, the Blue Devils grabbing a 33-0 decision. Negaunee will trim Marquette, 13-0; Houghton will murder Ontonagon 45-0; Hancock feasts on Lake Linden, 26-0; Wakefield trims Phillips, 20-6. A tough scrap is on schedule at Newberry but the Indians get the edge, 13-6. Norway plays under the lights at Marinette Saturday and is run dizzy by the Marines, 20 to 0.

Friday Games  
Stambaugh at Kingsford (n).  
L'Anse at Iron River (n).  
Ironwood at Menominee (n).  
Saturday Games  
Gladstone at Ishpeming  
Norway at Marinette (n).  
Iron Mt. at Escanaba.  
Manistique at Sault Ste. Marie.  
Negaunee at Marquette.  
St. Joseph at Crystal Falls.  
Munising at Newberry.  
Wakefield at Phillips.  
Ontonagon at Houghton.  
Hancock at Lake Linden.

Series Star Visits Mother In Oklahoma

McAlester, Okla., Oct. 17. (P)—Harry "The Cat" Brecheen, who won three world series games for the champion St. Louis Cardinals, was expected to arrive here for a visit tonight or tomorrow morning, his mother, Mrs. Tom Brecheen, said today.

Mrs. Brecheen said the pitcher told her in a telephone call that he probably would go pheasant hunting, presumably in the Northern United States, after his visit here.

Hockey Scores

Montreal 3, New York 0.

8,000 Engineers Short In Nation

Princeton, N. J.—A shortage of 8,000 engineers in the United States to meet current demands emphasizes the present need for engineering education, Dr. Karl T. Compton, president of Massachusetts Institute of Technology, told the Princeton University bi-centennial conference here this morning.

Due to the war dislocation of educational operations, the shortage will reach 40,000 by 1949, he estimates. After that the shortage will probably decrease.

Unless engineering education is effective and adequate our type of civilization cannot go forward, he said. To be effective, it must be progressive, for engineering art is not static—it is very dynamic.

## DEFENSE LOUSY, WILDCATS AVER

Accent Will Be On Ball Carrying In Michigan Game Saturday

BY JERRY LISKA  
Evanston, Ill., Oct. 17. (P)—Northwestern's undefeated Wildcats have a defense which Coach Lynn (Pappy) Waldorf calls "lousy" and they can't pass worth a lick, but they really carry that ball which accounts for their "sleeper" role in the Big Nine race.

The form chart which depicted Northwestern as something of an inexperienced, but game "field horse," may catch up with the Wildcats Saturday when they battle Michigan for the undisputed Big Nine lead at Ann Arbor.

Until it does, though, Iowa State and two conference victims, Wisconsin and Minnesota, will cast a strong vote for the relaxed Wildcats who seem to benefit by Waldorf's practice motto of "Give the kids a laugh a day." Notre Dame is the midwest's only other major unbeaten team.

After three games, the Wildcats boast a sturdy line and a fancy-stepping backfield which plays the running phase of the "T" attack for all it's worth. At any time, Fleet Frank Aschenbrenner, rugged Vic Schwall or line-smashing Ralph Elvister may explode in the clear and scramble to a score.

It happened on the very first scrimmage play in Northwestern's 14-7 win over Minnesota last Saturday. A fake hand-off to the left out-batted the entire Minnesota team and Aschenbrenner waltzed 67 yards over right tackle for a touchdown, scarcely seen, much less touched by the astounded Gophers.

Conference statistics show how completely Northwestern's accent is on ball-carrying. The Wildcats lead the conference with a two-game over-all average gain of 33.2 yards, yet only 66 were contributed by passing. Their 266.5 yard rushing average means the "Cats" smash 5.7 yards every time they carry the ball.

Waldorf, a jovial but shrewd strategist with a booming voice, declares "we're a lousy defensive team—so far." Conference records substantiate this, listing an average Wildcat yield of 268 yards to Wisconsin and Minnesota.

Michigan which brushed aside

Indiana and Iowa before its begrudging 20-13 loss to Army will provide a real test of Northwestern, Waldorf said.

"I'm anxious to see how we can do both offensively and defensively against Michigan, a really fine team," mused Waldorf, "hardly words of a genuinely pessimistic coach."

CHICAGO PRICES

CHICAGO LIVESTOCK  
Chicago, Oct. 17. (P)—All livestock except strictly choice or prime cattle broke to sharply lower prices today under the weight of the heaviest receipts in 10 months.

An extreme load-lot cattle top of \$30.00 went for prime long yearlings and odd head steers sold up to \$27.50. The practical top on steers was \$33.00, compared with yesterday's new record price of \$35.25.

Poorer grades were off from \$1.00 to \$4.00. Most steers took \$19.00 to \$20.00. Heifers topped at \$31.50. Beef cows were \$1.00 to \$1.50 lower, but bulls, vealers, and stock cattle were steady.

Shippers took but 4,000 head of the 20,000 hogs on sale and packers brought in 15,000 additional on direct consignment. The general market on barrows and gilts averaged \$3.00 lower and on sows \$6.00 down. An early top on barrows and gilts of \$23.00 was paid sparingly, most good and choice going at \$20.00 to \$22.00. Most good and choice sows brought \$18.00 to \$19.00.

Slaughter lambs dropped mostly \$1.50 lower, good and choice natives getting \$26.50 and slaughter ewes were 50 cents to \$2.00 down at a \$12.00 top for good and choice kinds.

RAIN DELAYS SPEEDSTER

Salt Lake City, Oct. 17. (P)—Another deluge of rain today inundated Bonneville salt flats, 120 miles west of here, forcing Ab Jenkins to postpone his high speed run for 10 days to two weeks.

Rain fell yesterday after Jenkins' new speedster had made a trial run on damp salt. The former Salt Lake City mayor said the run, then scheduled for Friday, would be delayed a few days.

Obituary

**MRS. JOSEPH COLLINS**  
Funeral services for Mrs. Joseph Collins were conducted at St. Patrick's church yesterday morning at nine o'clock at a solemn requiem high mass celebrated by Rev. Fr. Martin Melican. Fr. Norbert Freiburger was deacon of the mass and Fr. Thomas Ruppe was sub-deacon.

Honorary escorts were provided by St. Patrick's Guild and the Daughters of Isabella. Representing St. Patrick's Guild were Mrs. James Donovan, Mrs. Mary Bruyere, Mrs. Edward Blazek, Mrs. Lillian Armstrong, and Mrs. Charles Malloy. The escort from the Daughters of Isabella included Mrs. M. E. Vandenberg, Mrs. William Byersdorf, Mrs. Herbert Barry, Mrs. Joseph Klinger, Miss Lillian Grenier and Mrs. William Richer.

Active pallbearers were Charles Lefevre, James Brown, Octave Perron, Frank Stolk, N. L. LaPlante and Clifford O'Donnell. Out of town friends and relatives who attended the services were Mr. and Mrs. Fred Kostell, of Fox; Miss Eva Tesser, Mr. and Mrs. William Blake, Mrs. Lorraine Willis, all of Gladstone. Interment was made in St. Joseph cemetery.

**PATRICIA ANN PRYAL**  
Funeral services for Patricia Ann Pryal, daughter of Mr. and Mrs. Joseph Pryal, Jr., will be held this morning at nine o'clock at St. Patrick's church. The Mass of the Angels will be offered by Rev. Fr. Martin Melican and burial will be made in St. Joseph cemetery.

**MRS. MARY SILAS**  
Funeral services for Mrs. Mary Silas will be held this morning at 10:30 o'clock at the Alto funeral home, with the Rev. Fr. Martin Melican officiating. Burial will be made in St. Joseph cemetery.

**MRS. LORETTA BOSNAULT**  
The body of Mrs. Loretta Bosnault is in state at the family home in Rapid River. Funeral services will be held Saturday morning at nine o'clock at St. Charles church, with the Rev. Fr. Arnold Thompson of Franklin Mine officiating. Burial will be in the Rapid River cemetery.

**MRS. JOHN GRANT**  
Funeral services for Mrs. John Grant will be held this afternoon at 2:30 o'clock at the Anderson funeral home. The Rev. Gustav Lund of Bethany Lutheran church will officiate. Burial will be made in the family lot in Lakeview cemetery.

Van Meer

Van Meer, Mich.—Mrs. Bruette, of Drummond, Wis., is visiting her son-in-law and daughter Rev. and Mrs. Warren B. Jolls.

Mr. and Mrs. Otis Syers accompanied Mr. and Mrs. Clinton Syers to Munising Tuesday.

Miss Termites Mejewski was a business caller in Munising Tuesday.

Pfc. Leroy Coffman is home with his parents after spending many months in Japan.

Mrs. Kenneth McPherson of Shingleton visited Sunday with her parents Mr. and Mrs. James Worthing.

Edwin McPherson had the misfortune of losing half of his thumb on his right hand in the edger in a sawmill in Shingleton. He was taken to the hospital in Munising.

Mr. and Mrs. Martin Krause of Milwaukee, Wis., were here visiting over the week end.

Rev. and Mrs. MacGuire and children Carolyn and Roger from Lake Odessa, Mich., have arrived to take charge of the church of God. Thirty three attended the morning services Sunday, Oct. 13.

Sunday school, 10 a. m.  
Morning worship, 11 a. m.  
Evening service, 7:30 p. m.  
Y. P. E. Thursday 7:15 p. m.

**Van Meer Baptist**  
Rev. Warren B. Jolls, pastor.  
Sunday school, 10 a. m.  
Morning worship, 11 a. m.  
Evening service, 7:30 p. m.  
Mid-Week prayer and Praise, 7:30 Wednesday.

Thursday, Shingleton service, 7:30 p. m.  
Tie-Mill Sunday school, 2:30 p. m.

Rev. John Hamel of Marquette conducted the Sunday evening service at the Shingleton Presbyterian church. Rev. Hamel was a Sunday evening dinner guest of Mr. and Mrs. Arnold Schroeder.

Cornell

Cornell, Mich.—A daughter, Carolyn Alice, was born Oct. 16 to Mr. and Mrs. Russell Myers, Route 1, Cornell. Mrs. Myers was the former Dorothy Fleury.
